### The Operetta "The Cobbler of Fairyland" Presented By Jr. Choir

Largely Attended On Tues-  
day and Wednesday Nights  
— Presentation to Director

The Operetta "The Cobbler of Fairyland" was presented by the members of the Royal Stirling Junior Choir to large audiences in Stirling Theatre on Tuesday and Wednesday nights, under the direction of Mrs. A. E. Baker, A.R.C.T. Beautiful costumes, appropriate stage settings and the varied coloured lighting effects together with the splendid portrayal of the various characters by members of the cast, combined to make a successful presentation.

The first act opens in the Royal Garden of the "Land of Make Believe," followed by the Second Act in late afternoon and the third act one week later. Rev. A. E. Baker acted as Master of Ceremonies and introduced the principal characters.

**Story of the Plot—**  
King Martin and his domineering Queen prepare a birthday party for their lovely daughter, Princess Delmarie. Cooks, painters, and cobblers are set to work. Unable to please the Queen, the Cobbler uses his sister, the bad fairy Vengefulletta and a witch in an effort to obtain revenge. A crafty cat, Machiavelli — gives the Princess a protecting whisker, confuses the witch and defeats the schemers.

### HIGH SCHOOL DEFEATS MADOC

Stirling High School defeated Madoc at the local Fair Grounds in last Friday's rugby match. The Stirling team was invincible all through the game.

The game was rather one-sided due to the fact that Madoc is placed in the same position that Stirling was last year. Most of the team graduated and Madoc therefore is forced to use small boys to compete against the other larger teams of Marmora, Tweed and Stirling. Madoc tried, but could not hold their line against the attackers from Stirling. The ability of Stirling's players to run, block and tackle came to the surface in this game.

The points were scored by Bob Jeffrey, right half; Ray Hermiston, Captain and quarterback; Jim McIntosh, left end, and Ron Hadley, Bob McCrory, Don Leonard and Bob Cope-land. The score was a surprising 57-0!

Stirling will play Tweed today (Thursday) at Tweed.

### Prominent Citizen Widely Mourned

C. I. Hatton, Local Merchant Passed Away Wednesday — Funeral Friday

Stirling and community were deeply saddened on Wednesday, when it was learned that C. I. Hatton, one of the village's most popular citizens, had passed away at Belleville Hospital, following a heart attack suffered at his home yesterday noon.

The late Clifford Ivan Hatton, aged 55, was born in Stirling, the son of Mr. S. A. Hatton and the late Mrs. Hatton. He was educated in the local schools and as a young man entered the employ of the Union Bank. Later he went to Toronto, where he was associated with the automobile industry for many years. Following the death of his father-in-law, the late L. Melkjohn, he returned to Stirling in 1933 to become associated with the Melkjohn Hardware, which he has since conducted under the firm name of Hatton & Son. He was popular and highly regarded by a host of friends and business acquaintances. He was endowed with a pleasing personality and had a reputation for fair dealing in all his relationships. Of a kind and generous nature he was always ready to give a helping hand to those in need. Many friends regret his passing and will long entertain happy memories of their association with him.

"Cliff" Hatton was a good citizen and gave his support to movements which had in view the advancement of Stirling. He was a past president of the Business Men's Association, a past president of Stirling Rotary Club and a member of the Stirling Public School Board. He was also a member of the Board of Directors of the Stirling Rink Co.

In religion he was a member of St. Paul's United Church, and Chairman of the Board of Stewards. Fraternally he was a Past Master of Stirling Lodge, No. 69, A.F. & A.M., a member of Keystone Chapter No. 72, R.A.M.; Peterborough Lodge of Perfection, A. & A.S.R.; Peterborough Sovereign Chapter of Rose Croix of H.R.D.M. and Belleville Chapter, No. 55, Order of the Eastern Star.

He is survived by his wife, formerly Marjorie Melkjohn; a daughter, Mrs. Chas. Porter, of London, Ont., a son, Robert, at home; one sister, Mrs. W. Clendenning, of Toronto, and his father, S. A. Hatton, of this village. An aunt, Mrs. W. Roberts, of Toronto, and an uncle, Arthur Hatton, of Montreal, also survive.

## HIGHER INTEREST MAKES CANADA SAVINGS BONDS BEST INVESTMENT EVER

For Outright Purchase — Or On The  
Instalment Plan — Only 5 Per Cent Down

"For several reasons, the new Canada Savings Bonds are just about the best investment going, whether you purchase them outright or buy them on the instalment plan," declared A. V. Greenley, manager of the Bank of Montreal in Stirling, this week in discussing the new government issue going on sale at his office next Tuesday.

"One of the great things about Canada Savings Bonds," said Mr. Greenley, "is that you can always get the full-face value of your investment. The price is guaranteed."

"Another thing about this new issue," he continued, "is that it has the highest interest rate on record for this kind of bond."

"Each bond bears 10 coupons at the rate of 3.75 per cent," he said. "The first coupon covers a 21-month period (equal to 2.14 per cent per annum), due August 1st, 1954. From that date, one coupon at 3.75 per cent is payable annually on August 1st, until 1963. This replaces last year's rate of 3.5 per cent and amounts to 3.44 per cent per annum over the life of the bond, compared with 3.21 per cent last year."

A lot of people are unable to purchase their bonds outright, Mr. Greenley pointed out, but, on the instalment plan — for only \$2.50 down — anyone could make the initial payment on a \$50 bond; \$5 down pays the first instalment on a \$100 bond. The remainder can be paid in easy, regular instalments over the period of one year.

"Although the Government has removed the controls on consumer credit," Mr. Greenley stated, "the need for fighting inflation still exists. Purchasing Canada Savings Bonds is a fine weapon in this fight, and it's a wonderful way to build a nest-egg for yourself."

REV. C. C. BRAZILL, B.A., L.Th.

ing with Mrs. Earl Morrow as pianist. The President introduced the guest speaker, Miss Jeanne Armour, of the Home Extension Services, Toronto, who gave an interesting lecture on "Early Canadian Furniture," and pointed out the value of "Treasures In Your Attic."

As Canada is a young country we as a people do not know too much about our furniture. To date there has been no really authentic book written. However, little by little the department is trying to create interest in the old furniture found in our own homes and also in the homes of friends. A study of furniture goes back to the study of history. The speaker pointed out the difference between the straight line and the curved line in furniture and said today's modern furniture is again following the trend to have a curved line.

She gave a vivid picture of the early French, English, United Empire Loyalists and Victorian styles and passed around pictures to further explain her points.

The speaker pointed out the high standard of design and construction found in genuine antiques and said it was wise to have an expert appraise them if you were anxious to dispose of your heirlooms. Very often these are found hidden away in attics and barns. Women should always remember that the real value of any antique is, "what is that article worth to me?"

Miss Armour gave full directions for refinishing old pieces and said this means a lot of work but it will give you a lot of satisfaction and pleasure when the job is completed and the natural grain of the wood is on view. It is wise to start on a small piece first, use a commercial paint and varnish remover, applied with a brush. Keep your article horizontal, work on a small area, keep your can on a tin plate and avoid drips on other articles. When the old coat of paint begins to bubble then scrape with a putty knife, after which use steel wool and sandpaper. Always rub with grain of wood. For dark spots you can bleach with one ounce of oxalic acid powder or crystals to one pint water. There are professional scraping utensils but these are tricky for the amateur.

The third step is putting on the new finish. Staining might darken your wood. It is wise to try a sample underneath where it won't show. Several thin coats of shellac is better than a thick coat. You can thin shellac with denatured alcohol. Lastly give a coat of oil and turpentine and your article will be like satin. Finish off with several coats of wax and lots of elbow grease as the more you rub the more it shines.

She then showed the group a number of slides depicting a large array of articles found in the Toronto Museum, which included actual chairs imported from France in pioneer days, and several slides on pieces of furniture highly treasured by Institute members in their homes throughout Ontario. These gave a vivid picture of the various items of pioneer furniture and how they can be used in the

modern home of today.

"A Furniture Quiz" gave the group further information re Hitchcock chairs, English Canadian Georgian tables, French Canadian pine cupboards, and other styles in chairs, etc.

Mrs. Roy Bush very ably extended thanks to Miss Armour for her very educational lecture and slides on "Pioneer Furniture." To many this lecture opened up a new train of thought as they learned more of this interesting subject.

Mrs. Sheldon McIntosh and Mrs. Ernest Carr convened the meeting as they had been appointed hostesses for October and this meeting was cancelled in order to have the lecture. They were assisted in serving refreshments of sandwiches cakes and tarts by Mrs. Murney Scott, Mrs. Fred McDONELL, Mrs. Earl Morrow and Mrs. Alex Bush.

Two invitations were dealt with at this juncture. An invitation to visit Seymour East W.I. on Thursday, October 9th, was accepted; also an invitation to attend a Conference sponsored by Pinegrove W.I., given by Miss Ethel Chapman as instructor on the subject, "Aids To Effective Speaking," on October 29th at Marsh Hill United Church. The morning session is at 10.30, and ladies are asked to bring a box lunch for noon.

There will probably be a Halloween Party on Friday evening, October 31st at the School, but Mrs. Bob Philp and her committee had not completed their plans as yet. The service closed with the National Anthem.

That same afternoon Miss Armour gave this address to about twenty ladies in Stirling Community Hall. This included members of Stirling W.I. and Chatterton W.I. and visitors from Madoc.

The previous afternoon Miss Armour had given a lecture at Madoc on "Brighten Your Home with Colour," and five ladies journeyed to Stirling and five ladies journeyed to Stirling to hear her talk on "Treasures In

### The King's Men

This sound film made in Africa with jungle sounds and many interesting scenes will be shown once only in Stirling, namely at St. Paul's Church, Tuesday evening, October 14th, at 8.00 p.m.

Members of all churches should be interested in this dramatic story of the transforming power of the Christian Missionary effort in the land of Livingstone.

Rev. Boyd Beckel, of Ivanhoe, will be in charge of the presentation. It will be an added interest to have this able young Minister whose boyhood was spent partly in Stirling with us.

### A Nickel for the Lord

Aug. 8th, 1907 — Yesterday he wore a rose on the lapel of his coat, and when the plate was passed he gave a nickel to the Lord. He had several bills in his pocket but he hunted about and finding the poor little nickel, laid it upon the plate to help the church militant to fight the world, the flesh and the devil.

The Lord being gracious and slow to anger, and knowing our frame, did not slay the man for the meanness of his offering, but gives him each day his daily bread. But the nickel was ashamed if the man wasn't. The nickel hid beneath a quarter that was given by a poor woman who washed for a living.

### People Will Talk

Aug. 8th, 1907

You may go through the world, but 'twill be very slow.

If you listen to all that is said as you go;

You'll be worried and fretted, and kept in a stew,

For meddlesome tongues must have

something to do —  
And people will talk

If quiet and modest, you'll have it presumed  
That your humble position is only assumed,  
You're a wolf in sheep's clothing or else you're a fool;  
But don't get excited — keep perfectly cool —  
For people will talk.

And then if you show the least boldness of heart,  
Or a slight inclination to take your own part;  
They will call you an upstart, conceited and vain  
But keep straight ahead don't stop to explain —  
For people will talk.

If threadbare your dress, or old fashioned your hat  
Someone will surely take notice of that  
And hint rather strong you can't pay your way  
But don't get excited whatever they say —  
For people will talk!

If you dress in the fashion don't think to escape  
For they criticize there in a different shape;  
You're ahead of your means or your tailor's unpaid,  
But mind your own business —

there's naught to be made —  
For people will talk!

Now the best way to do is to do as you please  
For your mind, if you have one will then be at ease  
Of course you will meet with all sorts of abuse  
But don't think to stop them — it ain't any use —  
For people will talk!

—From Our Dumb Animals

## St. John's W.A.

The September meeting of the Women's Auxiliary of St. John's Anglican Church was held in the Parish Hall on Tuesday, September 30th, at 2 p.m., with a good attendance of members and visitors present from St. Margaret's, Belleville; St. Mark's, Bonarlaw; St. Thomas, Rawdon; Trinity, Frankford, and Foxboro.

Mrs. Rodgers opened the meeting with the Lord's Prayer, followed by a short business session. Roll Call was taken and reports of the various officers received. It was decided to purchase 100 calendars. Mrs. Rodgers suggested we buy the Study Book, "Thine Is The Glory." Rev. H. C. Secker then welcomed the members and visitors.

Mrs. Rodgers opened the Devotional programme. Hymn 284 was sung, with Mrs. Earl Morrow as pianist. Litany was read by Mrs. Rodgers which was followed by the Members' Prayer. Mrs. Palmer read the Scripture Lesson from the 6th Chapter of Timothy. The offering was received by Mrs. T. Tanner and the Doxology sung. Mrs. Rodgers welcomed everyone and called on Mrs. E. Kent to take charge of the meeting.

Mrs. Kent called Mrs. Secker, Mrs. Rodgers and Mrs. Boyce forward and corsages were pinned on each by Mrs. Page, of Belleville, in birthday remembrances. Mrs. Secker in a few well chosen words gave a welcome to all present and Mrs. Ash, of Foxboro, replied. A solo by Miss Isabel Archdeacon was enjoyed by everyone.

Branch Presidents, Miss Dench, of Frankford; Mrs. Lindsay Tanner, of Rawdon, and Mrs. Ash, of Foxboro, spoke briefly. Mrs. Fitzgerald, a personal friend of Mrs. Kent's, brought a greeting from Trinity Church, Shannonville and Mrs. Boyce gave a piano selection.

Mrs. Kent called on Mrs. Page, the guest speaker. Mrs. Page expressed pleasure at being present and told of Prince Albert on the Saskatchewan River, where she was married.

been many gifts given to the school from Women's Auxiliaries. The girls are organized into Girl's Jr. W.A. and Sr. W.A. The boys join Cubs and later Cadets. Both boys and girls are trained in the arts of usefulness, sports and music. Each day holds a full programme for staff and pupils which results in the children learning of religion and the care of their bodies. Each child, regardless of background has the same chance.

The school is deeply appreciative of the bales received. All can help wherever we are.

Mrs. Woodbeck favoured with a pleasing solo, after which a few remarks were expressed by Mrs. Heath, of Bonarlaw; Mrs. Jeffries, of Tweed; Mrs. Messer, of Belleville, and Mrs. Baker, of Tweed. Mrs. Kent then introduced Mrs. Stewart, of Edmonton, Alberta, who was visiting her son, Mr. Norman Stewart of the Stirling Public School Staff.

Mrs. Stewart could verify every word of Mrs. Page's address as they had schools in Alberta too for Indian and Eskimo children. She spoke of the wonderful work of the Bishop of Canada on the Board of Education. She had attended last week in Toronto to a meeting of the Canadian Association of Consumers, its object being to raise the standard of living by co-operation. An article in MacLean's Magazine was referred to by Mrs. Stewart, a story of Mrs. Walton's life by June Callwood. Church organizations, I.O.D.E. groups and Women's Institutes are of great assistance to this group of women in their contacts between homes and manufacturers regarding prices, weights and measures.

Mrs. Vance gave a vote of thanks to Mrs. Page, Miss Archdeacon, Mrs. Woodbeck, Mrs. Boyce, Mrs. Stewart and Mrs. Kent. Mrs. Rodgers expressed thanks to Mrs. Kent for the pro-

gramme and birthday corsages. Hymn 281 was sung and Mrs. Secker closed with a prayer.

A delightful lunch including a birthday cake was served by the Girl's Branch under the supervision of Mrs. M. Tanner and Mrs. E. Kent. Ladies who poured tea were Miss Dench, of Frankford; Mrs. Lindsay Tanner, of Rawdon; Mrs. Everett Heath, Bonarlaw, and Mrs. Chas. Jeffrey, Tweed. They were assisted by Mrs. Bruce Bell and Mrs. S. The President opened the meeting with the singing of the Ode and the Maple Leaf and all repeating the Lord's Prayer. The President welcomed the visitors, as well as the members who have been absent through sickness. "What I Like Most About October," was answered by 22 members. Mrs. S. McMurray read the minutes of the previous meeting, which were approved.

A "thank you" letter was read from Mrs. R. P. Coulter for treats received on her recent birthday. Mrs. Geo. Sarles voiced her appreciation for remembering her when ill. Mrs. P. Bronson thanked Mrs. Kirkey and assistants for carrying out her duties at a previous gathering. Mrs. W. G. West, Treasurer, gave the financial report. An invitation was received from Pine Grove W.I. to join with them at Chatterton Church on October 29th. Mrs. L. Mrs. Don Thompson was chairlady for the evening's programme, which opened with community singing, which

was enjoyed with Mrs. H. Rodgers, as song leader and Mrs. Mabel Williams as pianist. "Community Activities" was the topic chosen by Mrs. J. Morrison, introducing with "Loyalty" and "Religious Programmes" are the most valuable to a community, developing a greater opportunity to build a more worthwhile world in which to live. If we are not loyal to our neighbours and friends, how can we be loyal to our church and community?

Mrs. Kirkey gave a reading on "Courage." "Southern Melody" was presented by Mrs. Mabel Williams as a piano solo.

"Public Relations" was ably given by Mrs. C. Prior. "When I think of relations," stated Mrs. Prior, "it concerns you and me, Our community, and a world wide circle of people. We are the best favoured people under the sun, if only more of us realized it. Speak well at all time of our Dominion. If things go wrong — it is the people who have misstepped," concluded the speaker.

"True Friendship," was read by Mrs. Don Thompson. A contest, "Names of Important People," was given by Mrs. Spry. Mrs. W. C. West and Mrs. Williams won candy, while the consolation "gum" went to Mrs. Tulloch's group.

A bountiful lunch was served by Mesdames Morrison, Kirkey, Pryor and Thompson. After the social hour Mrs. W. C. West moved a vote of thanks to the hostess, lunch and pro-

gramme committees for the educational programme and delicious lunch and gracious hospitality of Mrs. Pryor.

## TV Suspected Causing Crashes

Television station WHAM-TV in Rochester, N.Y., is suspected of causing crashes of radio-controlled model airplanes the R.C.A.F. has been using as gunnery targets at Deseronto.

The theory is that the TV signals coming across Lake Ontario to this base 17 miles east of Belleville, interfere with the controlling radio waves, air force officials said.

Five recent crashes of the robot planes, worth \$3,000 each, are blamed on the interference.

Since the first Canada Savings Bond was sold — interest payments totalling about ninety three and a half million dollars have been paid out to about one million owners. This represents an average return of approximately \$100. Some owners have earned more interest than this — some less — but all would agree that they have had a handsome return for an investment that is cashable at full face value at an instant's notice.

It is the easiest, most carefree way to earn money that one can imagine. And now the new Seventh Series of Canada Savings Bonds offer a better return than ever! They pay an average of 3.44% per year if held for their full term of 10 years and 9 months. The Seventh Series bonds — like earlier issues — are cashable at full face value plus interest at any time at any bank in Canada.

The group was well represented. The meeting opened with a sing-song, accompanied by Lenora West, piano; X. P. Mayhew, guitar, and Maurice Bell, banjo. The couples were invited to the spacious lawn of the hosts, where a huge bonfire was blazing and everyone enjoyed corn, weiners and coffee and home-made candy. The remainder of the evening was spent indoors, where contests, games and music brought a much enjoyed evening to a close.

Marlene Philp expressed the appreciation of the group to Gilbert and Helen for opening their home; and also to their group for providing such a fine evening.

Over one hundred members of the Anglican Young People's Association met in Roslin on Friday evening, October 3rd, to elect new officers to the Hastings, Prince Edward, Lennox and Addington Local Council of the A.Y.P.A., to hear and see an illustrated lecture given by Mr. George Wishart, of Belleville, and to hear two of the candidates entered in the Public Speaking Contest in conjunction with the Diocesan Conference at Napanee later this month.

The following officers were elected to fill the executive posts for the year 1952-53: President, Jean Greene, of Christ Church, Belleville; Vice-President, Enid Coombs, Stirling; Secretary, Joanne Atkinson, Christ Church, Belleville; Treasurer, Joan Vance, of Roslin. ## The Stamp Club

The Stamp Club met on Saturday with three new members, Jim Hubble, John Long and Michael Long. Bill Fellon was elected President and James Waterfall, Secretary. Jim Hubble was appointed as Purchasing Agent.

Mr. Secker gave a short talk on the beginnings of Mail service, the first Post Office in Canada, and the history of one or two unique stamps.

An invitation was received from Mr. Angus Todd, of Campbellford, to visit with him to see his collection and to be taken on a tour of that historic town.

The Stamp Club would appreciate it very much if people would save their stamps in the large denominations and those, issued as commemoratives, such as the Red Cross Stamp, by tearing them off the envelope leaving a good bit of the envelope around the stamp. Any of the boys would gladly call for them.

## Typists Rated Likely To Be Safe Drivers

What a driver does in the split second of time when suddenly confronted with a hazardous traffic situation usually decides whether there will or will not be an accident. The safe driver is one who thinks fast and makes correct decisions. Therefore, says Fred Jarrett of Underwood Ltd., those trained to think fast and make correct decisions instantly should be good drivers, in claiming this distinction for typists.

The stenographer types words at the rate of 10 keys per second. Her eyes travel along the printed line, recognize the words in turn, and transmit messages separating the words into individual letters. The motor nerves then execute the operation of striking the keys. Because the typist reads slight-

ly ahead of the word her fingers are tapping out on the keyboard, her behaviour is similar to that of the motorist whose eyes scan the road ahead. Because she is accustomed to fast and accurate reaction, the typist has a much better than average chance of being a careful and safe driver.

## Police Chief Improves

Chief Constable George H. Hardy, of Campbellford, who has been ill for the past few weeks and is recuperating at his home, expects to be back at work before his leave of absence, granted by the council, expires.

## Midget Radios Seen Marketed In 3 Years

Radios so small they can be carried in the pocket like a wallet will be on the market within three years, a manufacturer forecast recently in New York.

Dorman D. Israel, executive vice-president of Emerson Radio and Phonograph Corp., said at a company distributor meeting the midget sets would be made possible by use of a tiny crystal amplifying device called the transistor in place of vacuum tubes.

Mr. Israel displayed an experimental model not much bigger than a compact. He said the company was ready to produce midget sets very quickly as soon as defense regulations permit use of transistors for civilian products. The company introduced a new line of television sets starting with a 17-inch table model for \$179.95, including federal tax and warranty, which it said was the lowest priced set to be produced by a major manufacturer.

## U.S. Generation of Libidinous Readers

Swinging out at unscrupulous publishers and authors who are flooding Canadian newsstands with cheap editions of dirty books, Dr. Gordon Bates, general director of the Health League of Canada, submits that "we have neglected spiritual values and have created a generation of libidinous readers."

In an editorial in the current issue of Health, the fiery health crusader probes for the reason for the popularity of dirty literature.

"It is due, as some say, in part at least to the influence of Freud with his doctrine of sex repression? Is it true that in our mad rush for material

### Thanksgiving At St. Andrew's

Rev. W. H. V. Walker Delivers Inspiring Sermon — Large Congregation Present

St. Andrew's Presbyterian Church, Stirling, held Thanksgiving Day Service last Sunday morning when a large congregation including several visitors gathered to worship Him from whom all blessings flow.

A beautiful basket of "mums" graced the altar through the kindness of Mrs. C. I. Hutton and family. The Minister spoke feelingly of the shocking suddenness of the death of Mr. C. I. Hutton with the challenge "to be also ready for we know not what a day nor an hour may bring forth."

Miss Arlene Tummon rendered a solo which was much appreciated and the congregation joined heartily in singing Thanksgiving Hymns with Mrs. R. H. Williams at the organ.

The Minister, Rev. W. H. V. Walker, spoke on the theme, "The habit of Thanksgiving and the sustained need for cultivating the attitude of gratitude." Then our Thanksgiving will not be merely a flash in the pan that glows for a moment, but that true spirit of gratitude which leaves an indelible mark in the heart, a stronger feeling of love towards others, and a greater desire to do more for our Heavenly Father who loves us with an everlasting love.

It is Jesus who reveals that God is the ultimate source of all good gifts therefore with heart as well as with voice let us say with the Hymn writer, "Now thank we all our God, with heart and hands and voices."

Lavery, Chaplain Queen's University, Kingston, who brought a comforting message to the bereaved family. Mr. William Reynolds rendered the solo, "One Sweetly Solemn Thought."

Members of Stirling Lodge, No. 69, A.F. & A.M., attended in a body and performed the last rites of the Order at the graveside, with Wor. Bro. Gordon Bailey, W.M.; V. Wor. Bro. Thos. Solmes, and Wor. Bro. H. R. Tompkins officiating.

The honorary pallbearers were Messrs. S. Gooderidge, of Napanee; J. E. Salisbury, W. T. Elliott, R. A. Patterson, J. S. Whitehead and Dr. E. A. Carleton, of Stirling.

### Bethel United Church Observes Seventy-Eighth Anniversary

Flower Pedestals Are Dedicated In Honour of the Late Mr. and Mrs. C. U. Heath

On Sunday, October 5th, the Bethel congregation of the United Church observed the 78th Anniversary of the founding of the church with a large assembly of worshippers in attendance from the community and nearby points.

The church was adorned for the occasion with baskets of Autumn blooms and flowering plants.

The Pastor, Rev. R. R. Bonsteel presided at both services. At the morning service Mr. Bonsteel dedicated to the service of the church two tall wicker flower pedestals in loving memory of the late Mr. and Mrs. C. U. Heath, two outstanding workers in this congregation. They were given by their family, Mr. Roy O. Heath, of Belleville; Mr. William G. Heath, of Edmonton, Alta., and Mrs. Harold A. (Clea) Elliott, of Bethel.

Guest Speaker  
The guest speaker in the morning was Rev. A. E. MacKenzie, B.A., Principal of Albert College, Belleville, who read Hebrews 11, and based his message on the true theme, "The Works of Faith."

Rev. K. J. Crawford, Pastor of St. Andrew's United Church, Marmora, was the guest preacher at the evening service. Rev. Crawford read the Prophecy of Ezekiel as found in Chapter one and based his message on the subject, "Today's problems are much the same as in Bible Days."

Special music arranged by Mrs. Harold Elliott, A.R.C.T., Church Organist, was rendered by a full choir at both services. In the morning the choir rendered, "Go Forward," by I. H. Meredith, and the guest soloist, Miss Beverly Buck, of Belleville, sang in splendid voice two numbers, "Prayer Perfect," by I. W. Riley and "O Divine Redeemer," by C. L. Gounod. At the evening service the choir rendered the anthems, "The Service of the King," by S. H. Meyer, and "Beautiful Words of Jesus," by I. H. Meredith, with Mrs. Donald Heath and Mrs. Carleton Potts taking a duet part. Mrs. Walter Warren was heard in a vocal solo, "How Lovely Are Thy Dwellings," by S. Liddle. The evening service closed with the rendition of "Love Divine, all love exceeding, Joy of Heaven to earth come down."

### Former Resident of Village Dies At Trenton

Mary Adelaide Bly, formerly of 210 Indian Road, Toronto, passed away at the Bayside Rest Home, Trenton, on Sunday, October 12th, 1952.

She was the last surviving member of the family of the late Mr. and Mrs. Henry Chisholm, one-time residents of Stirling. Her parents predeceased her many years ago, as did her sisters, Frances, Flora (Mrs. J. V. Blackley), Carrie and a brother, Donald. Mrs. Bly had been a resident of Toronto for over fifty years.

The funeral was conducted by the Rev. A. E. Baker, Minister of St. Paul's United Church, Stirling, at the Duffin Funeral Home, Stirling, on Tuesday, October 14th at 2 p.m. Interment took place in Stirling Cemetery.

Left to mourn her loss are her husband, Clifford D. Bly, and a daughter, Gladys Muriel Bly, both of Toronto.

### Hit By Car Died of Injuries

### Tweed Defeats Stirling Squad

Bob Jeffrey made a touchdown from a forward pass thrown by quarterback Ray Hermiston. No successful converts were kicked during the game. Unfortunately several Stirling players were injured in practice and therefore could not play.

Stirling will treke to Marmora tomorrow (Friday) afternoon for a game with that team.

### BOY SCOUT APPLE DAY SATURDAY NEXT

Once more the Cubs and Boy Scouts will be out on the streets selling apples to raise funds for another year. As this is the only time that a Scout is allowed to canvass for money, citizens of Stirling are urged to be generous when a boy calls on you.

The expenses of the Pack and Troop have increased considerably this year. Material for handicraft is very hard to get on account of the high prices and Cub and Scout's instruction books have all increased in price, but they are a must. The Leaders give hours of their time planning programs and outings, and going to camp to give the boys all there is in scouting, but they cannot do this without money. All the money received on Apple Day goes back to the boys; so just think when you meet a Cub or Scout on Saturday, they are the boys today but the men of tomorrow.

### West Huntingdon Pit Closes

Huntingdon citizens were sorry to learn of the decision of the officials of The Consolidated Sand and Gravel Co. to cease operating their pit in the Fuller area. The company employed thirty men during the summer months. These were mostly local men. The company has been operating here for nearly thirty years.

The reason for closing down was given that the operating cost was too high due to having to travel too far for good gravel. A number of the men are still employed dismantling the machinery.

### Mt. Pleasant W.M.S.

The October meeting of Mount Pleasant Rawdon Auxiliary, was held on Wednesday, the 8th, at the home of Mrs. Herbert Smith, with twelve members, eight visitors and several children in attendance.

Mrs. Burton Sharp officiated at the piano and Mrs. John Holmes presided. A Psalm of Thanksgiving was read in unison. The worship theme for the year is "The Means of Grace," based on a book written by A. G. Reynolds. In the Old and the New Testament, God's grace has been likened to streams or springs of water which bring to men everywhere new and abundant life. A hymn of Thankfulness was sung.

Mrs. Percy MacMullen gave her report. There will be a quilting on Wednesday, October 15th at the home of Mrs. Will Potts.

The Community Friendship Secty. read a letter from our Missionary for Prayer, Miss Eleanor Graham, who is stationed on the Cote Indian Reserve in Saskatchewan. The next meeting will be held on November 12th at the home of Mrs. Gordon Linn, and the old plan of election of officers that month will be resumed. The Autumn Thankoffering will be taken at the evening service on Sunday, October 26th.

The President gave a few thoughts on part four of the old Study Book, dealing with problems, possibilities and prospects. This told of the shortage of Ministers and trained workers and the necessity of sustaining the Missionary ideal. Statistics are not definite but there are at least a million and a half Protestant people in Canada who are not related to the Church. All sang, "Almighty Love," and Mrs. Frank Jeffs offered prayer.

The offering was gathered by Mrs. Ira David and dedicated by Mrs. John Mulhern.

Mrs. James Hoard presided over the programme which she had prepared. Mrs. Milford Wrightman read the Bible Lesson found in Ephesians, 4th Chapter. Mrs. Ross Hoard read, "We Teach Our Children to Pray." The Conventer read an introduction to the new Study Book, "Along African Trails,"

by David H. Gallagher. Africa is only 30 hours flying time from the shores of Canada. It is the second largest continent with an area of 12 million square miles. The Church of Christ in Angola is well established and rests on the shoulders of experienced men of faith and vision. Angola has been a Portuguese Colony since 1482 and Protestant Christianity is one of the great forces in Africa today. Rev. John T. Tucker spent forty years in Angola and is now serving Evangelical Missions of Portuguese Africa in relation to the government.

Miss Ruth Linn sang, "He's My Friend," with Mrs. Cawleton Potts as accompanist.

Mrs. Ross Jeffs gave the devotional paper based on "Thanksgiving" and closed with an appropriate poem.

### Bethel Girl's Club Entertains

On Friday evening, September 19th, Bethel Girls' Club were hostess to Mt. Pleasant Mission Band, Wellman's Mission Band, Springbrook Mission Band and C.G.I.T. and the Cubs of Bethel, with almost one hundred in attendance. Shirley Cooney and Joan Barron received the guests at the door. At eight-thirty the following girls took their respective places on the platform for the worship service. Leader of Worship Service, Joyce Reid, who opened by all singing a hymn, followed with the Scripture Reading by Barbara Green; June Free read the story on the "Ten Talents"; duet, Barbara Hadley and Donald Heath; prayer, by Joyce Reid. The worship service closed with the hymn, with Viola Free at the piano; after which Springbrook Mission Band, with Mrs. (Rev.) Beare as leader, illustrated the Lord's Prayer with pictures, after which all repeated in unison.

The President, Marlene Hadley at this time welcomed the visitors in a most impressive manner. The first number on the programme was a trio by Wellman's boys, namely Charles Nix, Jim Chumbley and David Heagle. Springbrook C.G.I.T. then presented, "A Model Meeting;" piano duet, Gail and Ina Scott, of Mount Pleasant; reading, Marlene Haggerty, of Wellman's; quartette by Mount Pleasant boys; solo, Nancy Chumbley, of Wellman's. The collection was received by Jean Reid and Eleanor McGee, with Viola Free playing quiet music. Sandra Meiklejohn, of Springbrook, sang a solo. As a closing number the entire Mission Band of Mount Pleasant formed a cross and Miss Ruth Linn sang "The Old Rugged Cross," with Mrs. Carleton Potts at the piano. The meeting closed with the hymn, "God Sees The Little Sparrow Fall," and Rev. R. Bonsteel closed with prayer.

The recreation period followed with each visiting society contributing a game. The Bethel girls then sold home-made candy, after which they served a delicious lunch. Mrs. Burton Morton on behalf of the visitors moved a hearty vote of thanks to which Mrs. Stewart Hoover responded.

## Items of Interest

## St. Paul's-Carmel

(By Rev. A. E. Baker, U.E.)

The Anniversary of St. Paul's will be marked next Sunday by messages from Professor Kingsley Joblin, a former "Stirlingite." The reported action of the Official Board of the Rawdon Pastoral Charge in withdrawing its services in order to permit all its members and friends to hear Prof. Joblin, a son of a former Pastor of theirs is a very gracious and kindly tribute.

## Rally Day

Mr. Don Baxter, of Bloomfield, who spoke at St. Paul's Rally Day Service last Sunday week said "too often we fail to discipline ourselves and then expect a proper response from our children." He made a strong appeal for the loyal co-operation of all parents in the work of the Sunday School.

The absence of many parents would suggest that they are not aware that Rally Day calls all parents and every child to be present for this special service.

## Carmel Objective

Treasurer Arthur Pyear reported that \$425.00 cash had been received in response to the \$400.00 Anniversary appeal. The Woman's Association also cleared \$200.00 on its grand Anniversary Supper. The Little Church at Carmel has a wonderful christian spirit. Simple sincere "thank you" is made to all who made possible this achievement.

## Improvement

The Carmel congregation plans to erect attractive projections to protect the entrance doors to the Silver Jubilee Hall. Steps will also be taken to extend and repair the cement platform about the Church when suitable weather and materials are available.

## Stirling Fair

The interest in the 1952 Fair at Stirling was evident. The Board of Management is to be commended and encouraged to explore increasingly the service that can be carried on through this medium.

## School Exhibits

Evidence of much painstaking work was indicated in School exhibits. S.S. No. 4, Rawdon and the Riverside School, Sidney, submitted noteworthy entries. Many specimens of writing and art represented patient careful work. Woodcraft also produced some commendable entries.

## Domestic Science

A vast array of Woman's Art from the sewing room and kitchen made an improving sight. A new building for school and women's work away from

the present location possibly near the Town Line would distribute the crowd and encourage attendance.

It would appear that steps should be taken to have all entries judged by numbers only and that strict supervision and regulations prevent the entry of the same exhibits from year to year. Some entries were clearly not the work of the entrant or a product of the last five years at least.

## Local and Open

Since Stirling Fair or Central Hastings Fair is primarily to encourage the best in the circle of which Stirling is the hub as well as to exhibit the best in every class, we believe that a division between local and open entries would be worth a trial. A small entry fee for each exhibit would tend to raise the standard of some entries.

## Livestock

In this area where so many are dependent upon agricultural life we believe the products of the fold should be much more prominent. Lovely ponies and horses were hid away except when in the ring among trucks and cars. Prize cattle were housed in an uninviting shed and sheep and hog pens as well as chicken coops were in the open. Long range planning could greatly enhance these features of our rural fair.

## Decorations

One lone withered Union Jack topped the merry-go-round, the only flag or banner we saw unfurled to the breeze. Fair Day should be a gay day. The people were in a holiday mood and much visiting was attended to. We were glad to see our local member Mr. Elmer Sandercock, moving through the grounds and exchanging with many a friendly word.

## Racing vs Field Sports

Our observation was that few took any interest in the horse racing. Neither horses or drivers appeared to be locally known. A well planned programme of sports with the equivalent in prize money would engage the interest of many more participants and keep the prize money largely in the community.

A major attraction might be a lacrosse match or some like program. 1953

Right now is the time to plan for 1953. Too many things come upon us with such a dash that only make-shift preparation can be made.

The Central Hastings Fair, Stirling, is a permanent institution. Long range planning can make it of special interest to the whole Bay of Quinte area. St. Paul's Steps

One of our valued members has suggested that a hand rail on both sides of the outside steps at St. Paul's would be a comforting ministry.

## Eighty-Six Degrees

During June and September there were days when the temperatures in the west side class room of the Public School climbed to 86 degrees. This is unthinkable in such a modern school. Teachers should have authority to dismiss their classes when such temperatures are reached until some corrective can be found. We do not understand why parents complacently tolerate such conditions. Teachers and children are greatly disadvantaged. On some occasions we have seen a teacher take her class outside to carry on "neath the shade of a friendly tree." This heat is from the sun.

## New Teacher

Mrs. Jack McCaughen has been appointed teacher of the Beginners Class at St. Paul's. She is also leader of the Mission Band. Her pleasant manner and personal magnetism makes her a favorite with the children. We are sure that every parent will be grateful for her devotion and sacrifice on their behalf in the Master's Vineyard.

## Citizens Forum

Over 37 radio stations, the CBC and Canadian Assoc. for Adult Education, will begin the Fall and Winter broadcasts on October 16th and continue until April 2nd. The purpose is to discuss controversial issues as selected by listening groups and individuals.

## St. Paul's Choir

St. Paul's Choir has been invited to sing at the opening of the special Mission of the Salvation Army in Belleville, October 24th; also at the evening service of St. Paul's Church, Warkworth, when it marks its Centennial, Sunday evening, October 26th.

## Y.P.U. Convention

The 24th Annual Convention of the Young People's Union of the Bay of Quinte Conference will be held in Oshawa October 24th to 26th. Theme: "For The Facing of This Hour." Rev. Floyd Honey will be the guest speaker.

## Sympathy

The congregation of St. Paul's-Carmel extends sincere sympathy to the widow and loved ones of the late Mr. C. I. Hatton who had been a valued office bearer for many years. Two large print hymnaries and two pew

Bibles the gift of the Official Board to St. Paul's will be dedicated in loving memory of the late Mr. Hatton on Anniversary Sunday.

## Choir Anthem Holders

St. Paul's Choir used for the first time last Sunday Anthem Holders, the gift of Miss Gladys M. Bly, of Toronto. These (40) will be dedicated next Sunday. Miss Bly who was present last Sunday learned of the passing of her mother after the service. Our people extend to her and her father sincere sympathy in this their time of special sorrow.

## Brazil

The Evangelicals have met with stout opposition in South America. However such great gains have been made in some parts that the Government of Brazil issued a special postage stamp to commemorate Bible Day, held December 9th, 1951. The neglected continent published by the Evangelical Union of South America says, "How the (Roman) Catholic Church will react is yet to be seen but it is a courageous step on the part of the Postmaster General, Colonel Adacto de Melo who is an army officer and a Christian.

## Sevenfold Amen

Mr. J. Scales at considerable trouble and expense has secured and presented to St. Paul's Choir sufficient number of copies of the "Sevenfold Amen" to provide a copy for every member. Thank you Mr. Scales.

## Commissioner Reports

Mrs. Walter T. Elliott, Bay of Quinte Conference Commissioner to the General Council of the United Church gave eloquent messages at St. Paul's and Carmel last Sunday on the work of the General Council. Her messages were in keeping with National Thanksgiving Day and emphasized the devotional life of the Church.

## A Great Gift

H. J. Galsman, age 83, Memphis-born inventor, has given his birthplace \$100,000 to purchase a 24 acre park for a growing family district in loving memory of his parents.

## Flowers

Special flowers were placed in St. Paul's Church last Sunday by Mrs. C. I. Hatton in memory of her husband.

Why is it best? Quality

# "SALADA" TEA

The pedestal standards were filled with seasonal flowers from "Hillside home" and a beautiful salmon pink geranium was brought by Mr. Meighen Rodgers. Carmel also had gorgeous blooms in the sanctuary.

## Harvest At Riverside

The finest harvest decoration we have yet seen in a public school were on display at Riverside School last week. The long broad ledge on the window side of the school was skillfully decorated with selected branches from maple trees, pumpkins, and various garden vegetables. The teacher, Mr. Meighen Rodgers and the pupils of this school are to be congratulated.

## Anniversary at Bethel-Zion

We congratulate this church upon its renovation and anniversary observance. The work was done by Mr. Geo. Butcher, of Stirling. The Anniversary offering enabled the congregation to discharge all indebtedness for the work. Miss Heather Rodgers, of Stirling, was one of those participating in the fine programme which followed the splendid turkey dinner served at \$1.50 per plate on Thanksgiving Day. The holiday did not deter in the least the devoted members of the Woman's Association. Rev. E. J. Kersey is the minister.

## Hay Bay

(News-Argus July 8th, 1932)

June 22nd, 1892 marked the celebration of the centenary of Hay Bay, the first Methodist Church in Canada

and the first altar of the U. E. Loyalists in this part of the Province. The first Methodist Class was formed by Rev. Wm. Losee on the 20th of July, 1791 in the house of Paul Huff, upon whose farm the church was built the following year; the second class 27th of February, 1791 not far from Bath (Ernestown) and the third on the 2nd of March, 1791 in the house of Samuel Dettlor, Napanee. The following year, 1792 the old church was built. There was then one circuit, one minister and sixty members in Canada. One hundred years later the Methodists had over 1748 ministers and 233,868 members, the largest religious body in Ontario.

## St. Mark's W.A.

The October meeting of St. Mark's Church W.A., Bonarlaw, met on Tuesday of last week at the home of Mrs. Stanley McInroy, with a large attendance of members.

Mrs. Heath presided and opened the meeting with prayer. Mrs. John Eggett read the Scripture Lesson. The roll call, "Name a Saint," was well responded to. The minutes of the last meeting were read and adopted. A committee was appointed to make the necessary arrangements for the Layman's Banquet, which will be held in St. Mark's Parish Hall the last of this month.

Mrs. S. Matthews was in charge of the programme and Mrs. Glenn Morton played a piano solo, which was greatly enjoyed. Mrs. Heath closed the meeting with prayer and the hostess served a dainty lunch.

## HERMISTON'S

PHONE 320 — HOUSE OR STORE

Hello Homemakers! Have you wiped off those splashes and sticky spots that happened during the canning spree? There seems to be spatters and spills, ad infinitum, from steam and the greasy, oily film that cooking food may bring. Although we should attend to cleaning-up as soon as a smudge occurs there isn't a moment to spare at the time. Now comes the reckoning.

#### To Clean The Range

1. Soak the drip pan, removable inset bowls, and oven shelves in the laundry tub filled with hot, sudsy water for two hours, then wash off. Use steel wool on stubborn places.
2. Wash the porcelain and chrome parts of the range with a cloth wrung out in warm sudsy water. Be sure to rinse with a cloth wrung out of clear water and then dry.
3. Use a wooden skewer to clean around solid elements or crevices.
4. An oven cleaner may be necessary to apply on the sides and top of the baffles. Use a cheap new paint brush with care for this job and let the cleaner paste remain until dry. Remove with a soap-abrasive pad, then rinse and dry.

#### To Clean The Electric Refrigerator

1. Defrost completely.
2. Sort out the leftovers and perishables.
3. Wipe off all containers.
4. Remove shelves and drawers and wash every part of the interior as well as the shelves with a new piece of cheesecloth dipped in baking soda water. (1 tablespoon baking soda to 1 pint cool water.)
5. Dry out the refrigerator with a clean cloth — never use dish cloth or towels as they may have greasy odors.
6. Wash, then rinse off the exterior.
7. Wiggle out the refrigerator from the wall so that you can use the vacuum cleaner dusting attachment to clean the dirt which collects on the condenser unit.

um cleaner dusting attachment to clean the dirt which collects on the condenser unit.

8. A good automobile wax applied to the exterior part of the refrigerator makes cleaning it next time an easier task.

9. Replace all perishable items in covered containers, except eggs and citrus fruits. Be sure the milk cartons or pitchers are covered with foil or plastic covers.

10. To store processed cheese, place it in a bowl with 2 cubes of sugar alongside it, then cover with an elastic type cap.

11. An opened jar of olives may be kept free of mould by pouring a little salad oil into the container.

12. Late cucumbers or cobs-of-corn will keep moist and fresh if wrapped in aluminum foil.

13. Do not fill the ice cube trays more than three parts full of water and perhaps one tray will do at this season of the year.

14. Leave a piece of charcoal or a  $\frac{1}{4}$  cup of baking soda in a tumbler on the refrigerator shelf if there has been an unpleasant odor develop due to neglect of getting out foods. (Never place javelle water in the refrigerator.)

15. Always leave a space around rectangular dishes in the cabinet, whereas boxes of frozen foods should be stacked close to the wall of the frozen food compartment. By the way, use 6 or 8 pages of newspaper to wrap each box of frozen food and stack them in a pile before defrosting.

#### To Clean The Sink

Use a brush in hot sudsy water to clean sinks and faucets. Go around the drain and taps with a wooden skewer. If stained use bon aml or kerosene. (Avoid any harsh abrasives or acids which will dull the finish.)

Rinse and polish dry.

#### To Clean Walls

1. Kitchen walls are usually washable and there are dough-type cleaners that pick up dirt, paste cleaners that absorb grease and plastic products that coat colorfast paper to make it easier to keep clean in the future.

2. For woodwork there are liquid cleaners to wipe off stains, powdered cleaners or synthetic detergents that dissolve in warm water for washing paint or varnish.

3. Rinse and dry all woodwork before you add a liquid wax for easier cleaning in the future. By the way, there is also a cream wax that cleans at the same time it polishes. All you need is plenty of elbow grease to go with the job.

NOTE: Always dust walls and woodwork first with the vacuum cleaner attachment for this purpose, or a soft cloth cover on the mop. Start at the top and brush down. Test your cleaning method first in an inconspicuous place. Clean small areas at a time, overlapping your strokes to prevent streaks. Rinsing is easily done with a sponge squeezed out in clear water.

#### THE QUESTION BOX

Mrs. C. K. asks: How may unpleasant odors be removed from pots and pans?

Answer: Wash pots and pans in hot sudsy water to which 2 tablespoons of vinegar to each quart water have been added. Soak if necessary.

Miss J. M. asks: How can we remove coffee sediment from the tube of a glass percolator?

Answer: Place  $\frac{1}{2}$  cup of detergent in the percolator which has been half filled with water. Place the stem and basket in the container. Percolate the sudsy water for about 10 minutes. Rinse thoroughly.

Ann Allan invites you to write to her c/o News-Argus. Send in your suggestions on homemaking problems and watch this column for replies.

### In Hymen's Bonds

MONTGOMERY — PALMER

A very pretty Autumn wedding was solemnized on Saturday afternoon, October 11th, at 2.30 p.m., by Rev. Roy McEachern, Pastor of Stockdale United Church at the home of the bride's parents, Mr. and Mrs. Cecil Palmer, Frankford, R.R. 4, when their youngest daughter, Annabelle Vera Elizabeth, became the bride of James Edward Montgomery, oldest son of Mr. and Mrs. John Allan Montgomery, of Dundonald, Ontario.

The ceremony was performed beneath an arch of evergreens, white streamers and bells, banked with baskets of dahlias and carnations.

Mrs. Fred Charlesworth, Frankford, played the traditional wedding music and Miss Doreen Rodgers was soloist, rendering before the ceremony, "O Perfect Love," and during the signing of the register, "I Love You Truly."

The winsome bride was a picture of loveliness as she entered the living room on the arm of her father, wearing a floor length bridal dress of white rayon satin with a billowy skirt, fitted bodice, long sleeves coming to a point at the wrists, and a Queen Anne lace collar, embroidered with seed pearls. She wore a pearl necklace, a rayon net floor length veil with deep embroidery caught to a white organza floral head-dress and carried a bouquet of red baby roses with satin streamers.

The matrons of honour were the groom's oldest sister, Mrs. Lloyd Cable, of Cobourg, and the bride's only sister, Mrs. Vivian Dunstan, of Peterborough. They wore identical floor length dresses of pale blue taffeta with an overskirt of matching net and shoulder length veil caught to a floral headress and carried bouquets of American Beauty roses.

Miss Noreen Dunstan, niece of the bride, dressed in a long gown of yellow organza with black velvet streamers was ring bearer and carried the gold band in a white satin basket.

Misses Dianne Dunstan and Linda Cable, nieces of the bride and groom were charming flower girls wearing pink and blue floor-length organza frocks with black velvet sashes and carrying nosegays of mauve and white carnations. All three little girls wore gold lockets, the gift of the bride.

Mr. Alfred Palmer, only brother of the bride was groomsman.

The bride's mother received her guests in a gown of alforce blue with grey accessories and a corsage of pink roses. She was assisted by the groom's mother, wearing a frock of navy crepe with grey trim and accessories and a corsage of bluish roses.

Mrs. Lorne Perry, of Peterborough, was in charge of the gift room where many lovely articles were on display for the guests to view after the ceremony. A photographer was in attendance and took several flash pictures of the wedding.

After congratulations the guests repaired to the lawn where snaps were taken by relatives. The bride's gift to her attendants, soloist and pianist

were sets of earrings and the groom's gift to his attendant was an initialled key case.

At 5 p.m. the reception for fifty guests was held at Frankford Community Hall with the Frankford Ladies' Legion catering for the dinner, under the supervision of Mrs. Albert Carlisle. The tables were formed in an "L" and were decorated with pink streamers, mauve dahlias and yellow 'mums. The bride's table was centred with a three-tiered decorated wedding cake and all of the bridal flowers arranged along the edge. Each guest signed the Bride's Book and this included the two grandfathers, Mr. Walter Rodgers, of Stockdale, and Mr. Edward Montgomery, of Foxboro.

Following the dinner the Pastor presided over a brief programme which included a toast to the bride and messages of congratulations from the two fathers Messrs. J. A. Montgomery and Cecil Palmer; also from Hon. W. A. Goodfellow, Minister of Welfare, of Codrington; and Mr. George G. Montgomery, of Frankford, uncle of the groom.

Later Mr. and Mrs. Montgomery left for a wedding trip to Toronto, Niagara Falls and Buffalo. The bride chose for travelling a wine gabardine suit with matching shortie, navy accessories and a corsage of carnations.

On their return they will reside in Colborne.

Out-of-town guests were from Ottawa, Manotick, Peterborough, Ajax, Cobourg, Dundonald, Codrington, Foxboro, Frankford, Stirling R.R. 3, Colborne, Brighton and Stockdale.

The groom was born on Pump St., Mount Pleasant, Rawdon, and served in Italy, France, Holland and other points during World War II and was the recipient of several medals.

### Handle With Care

Potatoes this year are actually "gold nuggets," so it will pay producers to protect them. This comes from R. E. Goodin, Assistant Director of the Crops Branch, Ontario Department of Agriculture. Perfectly good potatoes, he points out, can be damaged almost beyond recognition by carelessness but by far the greatest loss comes from potatoes receiving what may be termed minor injuries.

Take a sack of No. 2 grade potatoes, Mr. Goodin suggests, and see how many were once No. 1 grade but were damaged either in the process of either digging or handling. In fact a survey of potatoes marketed in Toronto during the month of November, 1951, showed that 86 per cent were below grade because of bruising.

What causes these bruises? The

digger blade is often guilty as well as the digger chain. A drop after passing over the digger chain or during loading, elevating, trucking or binning will damage the potato.

Such carelessness takes money out of the producer's pocket. Few growers can afford unnecessary damage to potatoes any year, but especially this year when prices are high.

One woman wrote me that her

old stove was so uneven she could never bake a decent cake. She asked me to give her and others like her pointers on how to bake a cake in a poor oven. So here they are:

1. Ovens with no heat-control often get too hot. If necessary, the oven may be cooled quickly by putting a pan of cold water into it.

2. If cake appears to be browning too rapidly, reduce the heat and cover the cake with a sheet of brown paper.

3. If the oven is not level, experiment with an empty cake pan to try to make the pan stand level. Often the edge of an asbestos mat will be just enough to level the pan.

4. A cake which "cracks open" during the baking indicates that too much flour has been used, or that it has been baked in too hot an oven, and therefore browns before it rises to its fullest height.

5. A coarse-textured cake denotes the use of too much baking powder or of insufficient beating.

6. A cake which falls after baking indicates too little flour, too much shortening; or removing before thoroughly baked.

7. A cake is done when it is golden brown in color, shrinks from the sides of the pan, springs back when touched with the finger, and when a toothpick is inserted in the centre, comes out clean.

## A "FUND FOR THE FUTURE" — FOR ONLY 5 PER CENT DOWN

Canada Savings Bonds On Sale  
At Your Neighbourhood B of M

"Many Canadians have found a good way to build a solid fund for the future, despite the high cost of living that makes saving seem difficult if not well-nigh impossible," says A. V. Greenley, Stirling, manager of the Bank of Montreal.

In a conversation last Monday on the subject of building financial security, Mr. Greenley pointed out that the first requirement for saving money was to "go into debt to yourself. Set yourself a definite amount — no matter how small it may seem."

"One of the surest ways of accomplishing this is to purchase one or more Canada Savings Bonds. Choose the amount you feel you can handle on your income over a year — \$50, \$100, \$500, \$1,000 or \$5,000 — and sign the application."

"Bonds can be bought on the instalment plan for only five per cent down. For example, with only \$2.50 down you can make the initial payment on a \$50 bond. On a \$100 bond the down-payment is \$5. The remaining instalments can be made on an easy, regular basis over the following twelve months."

An important feature of the 1952 bond issue is the increased rate of interest. Each bond bears 10 coupons at the rate of 3.75 per cent. The first coupon covers a period of 21 months (equal to 2.14 per cent per annum), due August 1st, 1954. From then on, one coupon at 3.75 per cent is payable annually on August 1st, until 1963. This replaces the 1951 rate of 3.5 per cent and amounts to 3.44 per cent per annum over the life of the bond, compared with 3.21 per cent last year.

One of the greatest attractions of the Canada Savings Bond which Mr. Greenley pointed out was that it was always cashable at full face value.

## NEWS FOR THE BUSY FARMERS

### WEED AND BRUSH CONTROL IN PASTURES

Pasture profit depends on the ability of the plants growing on it to produce a large tonnage of plant material which can readily be converted by grazing animals into milk or meat. K. E. Fallis, Fieldman for the Crops Branch, Ontario Department of Agriculture, points out that every weed and every shrub occurring in the pasture reduces the efficiency of the pasture to return a profit to the farmer.

He recommends that, as far as possible, all fields be broken up and seeded down rather than reserved for continuous grazing. In this way, through regular cultivation, the fields will not become badly infested with weeds, but will contain a good percentage of legumes instead.

However, he adds there are many fields which are not broken up because of steep slopes, poor drainage or natural obstructions such as rocks, trees or creeks. In these cases, chemical weed control is essential. Mr. Fallis points out that there are weeds which survive on the poorer types of soils, including Blue Weed, Mullein and Hawkweed. Although cattle may be grazing on this type of land, they prefer grass to weeds. Hence the weeds are not subjected to the severe grazing that the grasses receive. Therefore to control these weeds and others such as Thistle, Ragweed, Chicory and Wild Carrot, he recommends that they be sprayed, before blooming, with 1½ lbs. of 2,4-D acid per acre.

Mr. Fallis adds that there is another type of pasture which is workable, but for economic or social reasons, has been allowed to revert to ranchland. This particular type is being over-run by weed trees — principally Hawthorn — and in time will be of little use for anything. In making suggestions for removal of these trees, with the aid of chemicals, Mr. Fallis points out that dead trees do not get any larger or reproduce themselves. Also when dead for a year or more, they are much more easily removed than when alive. For control of brush under 2 ft. high, he suggests wetting the tree thoroughly using 32 oz. of acid ester type 2,4-D in 100 gallons of water. This can be done during the weed spraying operations.

However, for larger trees there are two methods. The first which is rather costly is to apply one pound of Sodium Chlorate to the base of each tree. This should be done in the late fall — after the cattle have been taken off the pasture. This is to allow time for the material to get leached down, out of the reach of the cattle, to avoid poisoning. This operation costs about 10c per bush.

The second method Mr. Fallis advises is cheaper and gives more satisfactory results. It is known as the Dormant Basal Bark Spray. The material used is 2 lbs. of 2,4,5-T acid in 10 gallons of fuel oil. This is applied in late winter or early spring to the bottom of the tree and all exposed roots. The tree should be sprayed till the material starts to drip at ground level. Cost of 2,4,5-T and oil is approximately \$11.00 per 10 gallons.

In conclusion Mr. Fallis states that only through weed control can we hope to improve the carrying capacity of our pastures.

### Sheep Dipping Day Planned

Plans have been completed for a fall Sheep Dipping Day at the farm of Messrs. Howard Finch & Son, west of Springbrook, for Tuesday, October 31st. The day is being arranged by the local Agricultural Representatives in co-operation with the Production Service of the Canada Department of Agriculture.

The approximate cost to the farmer for dipping and drenching will be approximately 5c, and all farmers are urged to consider the importance of this practice of dipping and drenching. Unthrifty sheep will not pay their way and leave the profits that the thrifty and well cared for sheep will.

Breeders are urged to bring their sheep early in the morning so that they will dry out reasonably well before night.

### Burnsides Have Grand Champions At Hastings County Holstein Show

Earl Burnside, Madoc, showed the Grand Champion Female and Jack Burnside, Madoc, the Grand Champion Bull at the Hastings County Black and White Day held Oct. 8th in connection with Madoc Fair. The 97 head shown by 15 exhibitors made a much improved show over last year. The cattle were presented in good bloom and as a group were particularly good in the udders. There were three new exhibitors this year, Wm. McComb, of Bonarlaw, Hugh Gray, Belleville, and the Quinte District Cattle Breeding Association, Belleville. Hugh Gray showed an outstanding junior calf to the top in the largest class of the day, that for junior heifer calves which brought out 21 entries, more than half of them shown by 4-H Club members.

Earl Burnside took the Senior and Grand Female Championships on his first prize three-year-old in milk, Pabst Posh Fura May with A. B. McComb & Son, Belleville, winning the Reserve Senior and Reserve Grand Championships on the dry aged cow Glencomb Supreme Dora. The Champion showed a lot of dairy refinement, balance and a first class working udder while the Reserve is a great topped individual and provided strong competition despite the fact that she was not in milk. Another strong contender for the Senior Championship was the first

prize milking two-year-old, Glenalcomb Man-O-War Pabst, shown by A. B. McComb & Son.

The quality of the junior females was quite pleasing with close competition for the Junior Championships which went to the first prize junior yearling on the basis of her all round balance and dairy quality. She is Sally Pabst Tone shown by Max Burnside, Madoc. The Reserve Junior award went to Max Burnside on his winning senior yearling heifer, Jennie Rag Apple Governor. Both calf classes were headed by bulls sired by Quinte District Cattle Breeding Association sires as was the Junior Champion. The Fond Hope son, Way Brook Proprietor shown by Jack Burnside, Madoc, made a very acceptable Junior and Grand Champion after heading the senior yearling class. He is a large well grown individual with a lot of depth and smoothness. Providing stiff competition for the Reserve Junior Championship and following through to Reserve Grand was the first prize senior bull calf Pabst Walker Rovabel shown by Quinte District Cattle Breeding Assoc. Senior Champion bull was the winner in the class for bulls three years old or over, Garry New Rag Apple Mark shown by Philo Harris, of Madoc, while the second prize winner in this class, Garry New Rag Apple Bomber was Reserve Senior Champion for Howard Finch & Son, of Campbellford.

Earl Burnside won both the Senior and Junior Get-of-Sire classes, taking the former on the get of Pabst Posh Pilot Andy and the latter on the get of Elmcroft Rag Apple Creator. He also had the winning Graded Herd while the first prize Junior Herd was shown by Max Burnside and the top Progeny of Dam by A. B. McComb & Son.

Altogether Earl Burnside had seven firsts, Max Burnside and A. B. McComb and Son, three firsts each, Herbert Watt, Foxboro, two firsts and Philo Harris, Jack Burnside, Percy Broadworth, Hugh Gray and Quinte District Cattle Breeding Association, one first each. Judge was F. Roy Ormiston, of Brooklyn, Ontario.

Mr. Hall thanked the men and expressed his pleasure at doing what he could while at St. John's and his regret at leaving. Owing to the housing shortage we hope that Mr. Hall will be with us for some week-ends yet to come.

The A.Y.P.A. met after Evensong for a short business session presided over by the President Enid Coombes. Reports presented showed a favourable situation. COUGHLAN — HEAGLE

A pretty autumn wedding was held on Saturday, October 14th, at 2 p.m. in Wellman's United Church when Mary Agnes, daughter of Mr. and Mrs. John W. Heagle, became the bride of Mr. William Alexander Coughlan, son of Mr. and Mrs. Jas. A. Coughlan, Belleville. The Rev. R. R. Bonsteel officiated.

The church was artistically decorated with gladioli and ferns.

Mrs. Lorne Watson, of Wellman's, rendered the wedding music and accompanied the soloist, Mrs. Frederick Beckett, who sang "O Perfect Love," before the bride entered the church, "The Lord's Prayer" before the ceremony and "Because" during the signing of the register.

Given in marriage by her father, the bride was charmingly attired in an imported gown of French Chantilly lace and nylon net over satin, fashioned with a neckline of embroidered flowers with pearl centres. Her fingertip veil fell from a petal cap encrusted with seed pearls and sequins. She carried a cascade of American Beauty roses.

Mrs. Chas. Barker, of Trenton, was matron of honour, gowned in mauve, with yellow net overskirt and matching hat and mittens, and carried a bouquet of yellow tallsmans roses. The bridesmaids, Mrs. Raymond Hedger, of Belleville; Mrs. Geo. Bedard, Frankford, and Miss Ruth Clancy, of Wellman's, were gowned in green taffeta with yellow overskirt and matching hat and mittens. They carried nosegays of baby 'mums, carnations and roses.

Little Miss Janet Heagle, sister of the bride, was flower girl in a gown of yellow net over taffeta, and carried a basket of baby 'mums, carnations and roses.

Mr. Kenneth Allan, of Belleville, was groomsmen and Messrs. Edward Coughlan, brother of the groom, and Arthur Doyle, of Belleville, acted as ushers.

The reception for over one hundred guests was held in the Orange Hall, Wellman's, with the bride's mother receiving in a navy suit, with black accessories assisted by the groom's mother, who chose a navy dress with black accessories. Each wore a corsage of Tallsmans roses.

Later Mr. and Mrs. Coughlan left on a motor trip to New York City and other points with the bride wearing a grey suit with green accessories and corsage of orchids. On their return Mr. and Mrs. Coughlan will reside in Belleville.

Guests were present from Ottawa, Brockville, Renfrew, Belleville, Trenton, Campbellford, Corbyville and Stirling.

## St. Andrew's W.M.S.

The October meeting of St. Andrew's W.M.S. was held in the church parlours on Tuesday afternoon last. Mrs. L. Rodgers presided and opened with a poem on Thanksgiving. Mrs. W. L. Anderson read the Scripture Lesson from Psalm 107. This Psalm is surely the very essence of exhortation for people to praise God for His goodness. Again and again the Psalmist repeats his one great wish, Oh that men would praise the Lord for his goodness and for his wonderful works to the children of men. Mrs. Anderson led the meeting in prayer.

Mrs. W. L. Munro conducted the roll call. The word "straightway" was the keyword. It is the desire of the Secretary that each member be prepared with the keyword for next month. Mrs. Munro read the minutes of the last meeting. The thankoffering was taken by Mrs. Blanche Reid. Mrs. Reid distributed envelopes to each member for their November offering. As the Lord has blessed us may we show our gratitude to God by helping in this great work.

Mrs. S. McIntosh gave two splendid readings, each reading was filled with the spirit of Thanksgiving.

The topic was taken by Mrs. W. H. V. Walker. The religion of Thanksgiving has much in it for each one of us. If the future is to continue great in spiritual or material blessings, each

person must do her part.

We have many famous men but it is the labour of the masses that makes our nation great. The servant who kindled the fire is as important as the High Priest. No one will be able to face up to the tasks which each must face unless God is in the midst. God is in the midst working on our behalf. God is calling men, women and children who will toil together with Him in His great harvest field — the world.

A hymn and the benediction brought this part of the meeting to a close.

Mrs. Anderson and her committee served afternoon tea and a time of fellowship followed. Mrs. R. A. Hermiston spoke words of appreciation to Mrs. Anderson and her helpers for this very splendid meeting.

Mrs. R. H. Williams, Glad Tidings Secretary, presented an earnest appeal on behalf of her magazine. Let us hope that each member of the Society will consider well the value of this paper.

### St. Paul's United Church, Stirling Marks Ninety-Ninth Anniversary

Inspirational Messages and  
Special Music Feature Ser-  
vices — Largely Attended

From near and far large congregations assembled at St. Paul's United Church last Sunday to mark the ninety-ninth anniversary of the erection of the first church building in Stirling and possibly the 116th Anniversary of the congregation.

#### Guest Preacher

The special speaker was the Rev. Kingsley (King) Joblin, B.A., B.D., Professor of Religious Knowledge of Victoria University and Emmanuel College, Toronto. Mr. Joblin's father, Rev. F. G. Joblin, a former Pastor of the Rawdon Charge was present and closed the morning service.

St. Matthew, Chapter 12 verse 50 was the morning text. Mankind the speaker said years for a sense of belonging to someone — to love and be loved. We can never be secure until our relationship with God is secure. Too often human sin, pride and prejudice prevent this by shutting God out of our lives. Our failure to establish brotherhood in community, church and the world can be traced to the weakness or absence of the link that binds us to God.

#### "The Only Way"

Before speaking from Acts, Chapter 10, verse twelve at the evening service, Professor Joblin paid tribute to the Officials of St. Paul's who had recommended him as a candidate for the Ministry 23 years ago. He also spoke of his High School life and in the afternoon took his son David, who accompanied him to Stirling, on a tour of his boyhood haunts.

Professor Joblin said each Anniversary confronted us with this question — Are we living on and spending the endowment of faith bequeathed to us by our fathers? For the Christian there was no alternative to Christ. He pleaded for a personal experience with Christ in whom alone could Salvation be found.

#### Music and Praise

St. Paul's Choir did honour to its preparation for this Anniversary at both services. The morning anthems were "I Love Thy Kingdom Lord," and "The Lord Chord." Mrs. Walter Warren, gold medalist soprano, took the solo in the first anthem and also interpreted the lovely solo, "Let Not Your Heart Be Troubled."

At the evening service Mr. William Aylsworth played Mozart's "Alleluia" (cornet solo). The Male Quartet, Messrs. Harry Brown, Jack Bush, Wm. Aylsworth and R. A. Patterson sang, "Lead Kindly Light." The Anthems were "Break Forth Into Joy" (solo part by Miss Verna Brown, soprano) and "O Lord How manifold Thy Works."

#### Organ

Glorious Preludes, Interludes and Postludes were played on the lovely old organ including works from Talmadge, Handel, Bames, Demorest and Best.

#### Offerings

The special and regular offerings of the day exceeded \$2600 in cash. A final statement will be issued when the canvass is completed.

#### Special Gifts

A new \$100 bill was given through the Minister to the Endowment Fund through a bequest of a devoted mother and grandmother who rests from her labours.

The Communion Table was furnished with new letters by Mr. Edward (Ted) Reynolds.

Two large print hymnaries and two new Bibles the gift of the Official Board were dedicated in loving memory of the late Clifford I. Hutton.

A Pew Bible the gift of the Minister and Mrs. Baker was dedicated in memory of the late Clifford Bine.

Forty Anthem Holders the gift of Miss Gladys M. Bly, of Toronto, were presented to the choir. All these gifts

### Children and Youth Service At St. John's

The Children and Youth Service at St. John's Anglican Church, Stirling, on Sunday was very well attended, there being 178 people in Church. It was inspiring to see the many mothers with infants in arms and little toddlers by the side of their fathers.

The A.Y.P.A. assisted in the service. Edna Combs read the second Lesson and Jack Chard the first. Dennis Kent, Clifford Richardson and Marvin Tanner were sidemen and took up the collection. Robert Noble and Doug Harding were choir sidemen, while Robert Secker had charge of the Alms Basin.

The Junior Choir sang Ann Shepherd's "Around The Throne of God in Heaven," musical arrangement by H. E. Matthews, with Barbara Woodbeck, Marjorie McArthur and Lois Vardy taking solo parts. Miss Isobel Archdeacon sang beautifully "Dream of Paradise," words by Claude Littleton and music by Hamilton Grey.

The Rector spoke to the boys and girls on the subject of God's love, illustrating by the story "1066 or 316." His topic for the sermon was "Spiritual Growth." The church's educational programme was illustrated by a beautiful brochure sent out by the G.B.R.E. Every child was given a Scripture Book Mark and a booklet message from the Bishop of Newfoundland.

Flowers were set apart to the Glory of God.

A special memorial plant was placed in the church by Mrs. Samantha (Walter) Barker in loving memory of her husband; by Miss Margaret Farr in loving memory of her sister Mrs. Sarah Farr Davis; by Miss Gladys M. Bly in loving memory of her mother and by Mrs. C. I. Hutton in loving memory of her husband.

#### Hostesses

The hostesses were Mrs. Maurice Bell, Mrs. Albert Wells, Mrs. W. T. Elliott and Mrs. Harold Bird.

#### Royal Choir

In glistening snow-white surplices, the Royal Choir led the long procession of choristers. This choir sang the "Prayer of Thanksgiving."

The surplices had been washed and ironed by a fine company of helpful workers including Mrs. J. H. Beatty, Mrs. J. Hansen, Mrs. Ed. Warren, Mrs. Geo. Carlisle, Mrs. C. Tucker, Mrs. Chas. Davidson, Mrs. Everett Ketcheson, Mrs. J. B. Thompson, Mrs. B. Way and others.

#### Word of Thanks

Mr. George Carlisle, Clerk of Session, voiced the appreciation of St. John's to Mr. Joblin. Rev. W. S. Irwin closed the evening service.

#### Flags

The church flags were nicely cleaned for the Anniversary through the interest of Mr. Guy Bradshaw.

### Drive On Local Traffic Violators

"Open Season" has been declared on traffic violators in Stirling Village by Chief Constable S. W. Eggleston. "Complaints have been frequent about motorists speeding in the Village, with no regard for pedestrians, particularly children," stated Chief Eggleston, "and warnings from time to time have had no effect. The most flagrant violations occur at the entrances to the village, particularly on the Marmora Road through the wartime housing area, where there are usually a number of children at play. A check is also being made of those motorists who fail to observe the 'stop' signs," said the Chief.

"Watch your step" is a good motto for local motorists in future. If you don't you will probably be asked to "pay up."

### In Hospital

Friends of Mrs. Burton Woodbeck will regret to learn that she is a patient in Kingston General Hospital, where she underwent an operation this week.

### Lose To Marmora

Marmora High School defeated the local High School rugby team in Marmora last Friday. Stirling held its own in the first quarter and drove the Marmora team almost the length of the field several times. The victorious Marmora team, however, walked all over the Stirling boys during the remainder of the game. The line was quite incapable of holding the Marmora team back. Some of Stirling's players wandered around in a manner not unlike that of a chicken with its head cut off. In spite of Stirling's lack of blocking and tackling ability, several players, namely flying wing Ron Leonard and Dick Kingston, made a few good runs. Bob Jeffrey fumbled the ball on the five yard line and a touchdown was made by Marmora. Jim McIntosh and Ray Hermiston distinguished themselves with a show of courage and tackling ability.

## Mrs. Ken Tompkins Hostess To Wellman's W.M.S.

The October meeting of Wellman's (Rawdon) Auxiliary, was held on Tuesday, the 7th at the home of Mrs. Ken Tompkins, with a good attendance. Mrs. Fred Beckett officiated at the piano and in the absence of the president, Mrs. L. Pollock, Mrs. Harry Fanning presided.

The meeting opened with the theme song. The Scripture Lesson, the Twenty-third Psalm was repeated by all. Mrs. J. Dunham read two chapters on "Life In Africa," which was most interesting and helpful. A duet by Mrs. F. Beckett and Mrs. Geo. Watson, "My Anchor Holds," which was a lesson in song. Mrs. D. Clancy gave a reading on harmony and love in home life. Hymn, "There Shall Be Showers of Blessing," was sung.

An excellent reading was given by Miss Emma Rainie, on "Christian Outlook." Only through the application of God and His teaching can we preserve the spiritual freedom and the happiness of mankind. Offering was received and the meeting closed with prayer. A very delicious lunch was enjoyed by all.

Mrs. D. Clancy spoke words of appreciation to Mrs. Tompkins for her kind hospitality.

## In Hymen's Bonds

CLARE — SWAN

St. Andrew's United Church, Gilead, beautifully decorated with autumn flowers and ferns was the setting for a very pretty wedding on Saturday, October 11th, at 2 p.m., when Rev. W. R. Merrick, of Canfield, solemnized the marriage of Wanda Betty, daughter of Mr. and Mrs. Gerald Clare, son of Mr. and Mrs. Albert Clare, Roslin, Ontario.

Mr. Roy Treverton rendered the wedding music, accompanying the soloist, Mr. Ralph Swan, who sang before the ceremony, "I'll Walk Beside You," and during the signing of the register, "Bless This House."

Given in marriage by her father, the bride was lovely in her full-length gown of white nylon net over taffeta, featuring a three tiered skirt and train with pearl-studded butterfly trimmings. Her floor-length veil of nylon net and lace was held in place with a seed-pearl encrusted headband. She carried a bouquet of red roses with satin streamers and wore a three-strand pearl necklace, the bridegroom's gift to the bride.

Miss Beryl Swan, sister of the bride, was maid of honor, gowned in mauve, nylon lace and net over taffeta with fitted bodice, wearing a matching headband and carried a nosegay of green and yellow mums.

Miss Dorothy Moran, of Frankford, was senior bridesmaid, gowned in green nylon tulle with headband to match and carrying a nosegay of flowers.

Miss Muriel Swan, dressed in yellow eyelet organza with matching headband was her sister's junior bridesmaid and carried a nosegay.

Mr. Carl Reid, of Stirling, cousin of the bridegroom, was groomsmen and Messrs. George Clare and Howard Elliott acted as ushers.

At the bride's home, a wedding luncheon was served to 75 guests. The bride's mother received wearing a navy triple sheer gown with navy accessories with corsage of red roses. She was assisted by the bridegroom's mother attired in navy taffeta with matching velvet accessories and wearing a corsage of red roses.

The bride's table was beautifully arranged with white Irish linen and centred with a magnificent three-tiered wedding cake displaying a bride and groom decoration.

The toast to the bride was proposed by Mr. Merrick to which the bridegroom responded inviting everyone to visit them in their new home.

Misses Norma Clare, Lois Mitts, Jean Frost, Marilyn Reid, Mildred Taylor and Barbara Blakely served for the reception.

The bride's gift to her bridegroom was a gold Masonic emblem ring; to her attendants, necklaces and earrings to match; to her waitresses, china cups and saucers.

The bridegroom's gifts to his attendants were chrome brush and comb sets.

For travelling, the bride wore a grey English gabardine suit with navy topcoat and matching accessories.

The happy couple left amid showers of confetti for a honeymoon around Lake Ontario, via Ivy Lea, Syracuse and Toronto. Upon their return they will reside near Chatterton.

Prior to her marriage, Wanda was the recipient of many beautiful gifts including a lovely tri-lamp from her friends at Corbyville. A towel shower and a grocery shower.

## Queen's Alumni Gathering

The Fall meeting of Belleville and District Branch of Queen's Alumni Association took the form of an informal gathering in Bridge Street United Church Hall, Belleville, on Wednesday, October 15th, with Dr. G. H. Ettinger as guest.

After a brief business meeting, Dr. Bruce Cronk, who introduced the guest speaker, spoke of the modesty of Dr. Ettinger in the posts of importance which he held — Dean of Medicine at Queen's University and especially his position on National Research Council. He also recalled the gratitude of both graduates and undergraduates for Dr. Ettinger's sympathetic understanding.

Dr. Ettinger, in a relaxed manner, spoke on his trip last February to Australia, New Zealand and Honolulu as the representative of Canada on the National Research Council Team. He stressed Australia — her economic development and her not-too-fully developed hydro power with its accompanying standard of living; the climate and type of houses with tile or slate roofs and no central heating; the eucalyptus tree; the wool industry. These descriptions of this distinctly different land were centred around slides, remarkable for their colour and beauty as well as the foresight used by Dr. Ettinger when he took them.

The meeting closed with delicious refreshments served by Miss Linnen and some of her students from the Home Economics Classes of Belleville Collegiate.

## Bert Eggleton Dies of Accident

Bert Eggleton, Belleville, died Saturday morning in Trenton Memorial Hospital from injuries received when the car he was driving hit a transport driven by John Justice, Toronto. A passenger in the Eggleton car, Lorne Brinkert, of Belleville, escaped with a scratch.

Born at Halloway, Ont., the son of Mrs. Grace Stalkovich and the late Percy Eggleton, he had lived in Belleville for the past four years. He was a member of Bridge Street United Church.

He is survived by his wife, the former Fern Brant, and one daughter, Brenda, 17 months. His mother, Mrs. Grace Stalkovich and a brother Jack, R.R. 4, Belleville, also survive.

## St. Paul's Woman's Missionary Auxiliary

The Thanksgiving meeting of St. Paul's W.M.A. was held on Tuesday, October 14th, at the home of Mrs. Ernest Munro, with a splendid attendance. A brief devotional period was conducted by the President, after which she extended a very cordial welcome to all present. The only item of business was the announcement of the Sectional Rally to be held at Mt. Pleasant on October 29th. Cars were offered and anyone wishing to attend will find transportation by contacting the President or Secretary.

Excellent reports were presented by the various department conveners, after which Miss D. Caldwell read a very interesting sketch of information gathered for the proposed Centennial Book.

Mrs. Harold West took charge of the programme which carried out the Thanksgiving theme in word and song. Mrs. Russell Stapley read the scripture, inspiring passages emphasizing our dependence on a greater force than our own. Mrs. West commented, pointing out that the church is not the sum of its members but the sum of its members plus one.

Mrs. Albert Wells gave an interesting paper on the "Villages of Angola," in which she compared the native life of a Christian village to the native life of a pagan village. Christianity is working wonders among the African people and as more are seeing the result, more are giving their lives to God.

Mrs. H. West explained the Agricultural Life in Angola, showing how important it is not only to send religious knowledge to these countries but also teachers to show the natives how to make the best use of crops and conditions.

Mrs. Harry Vandervoort gave a seasonal reading, "Thanksgiving Day," which depicted the first Thanksgiving in 1621.

After all singing "God of Mercy," the Rev. A. E. Baker pronounced the benediction and the committee in charge served delicious refreshments. Each extended to Mrs. Munro a special "thank you" for the use of her home. The next meeting which was to have been at Mrs. R. A. Patterson's home will be held at the home of Mrs. Walter Elliott.

## "My son has chosen banking"

When a bank manager retired last year, he wrote his General Manager to tell why he was proud his son also had chosen a banking career:

"I shall always recall my banking days with pleasure and I cannot think of any other occupation that gives one a greater opportunity to meet people and form lasting friendships. I have been privileged to serve the bank in three provinces... That my son has chosen banking is also a great satisfaction to me. He is most anxious to make good on his own account."

Any young man on the lookout for an interesting and worthwhile career—for opportunities to grow and get ahead—should take a look at banking. Have a talk with the bank manager in your neighborhood branch. It may well prove an important turning point in your life.

## Items of Interest St. Paul's-Carmel

(By Rev. A. E. Baker, U.E.)

Now that the Anniversaries are over on this charge regular services will be resumed. We shall however continue to participate in and follow with special interest the Anniversaries of sister congregations round about us.

### Carmel Young Adults

President Harvey Couch advises that Carmel Young Adults Association will open for the Fall and Winter on Halloween night, October 31st. There is always a jolly party in costume in the Silver Jubilee Hall at Carmel at this time. Every member and friend is invited to attend.

### Sympathy

St. Paul's and Carmel congregations extend sincere sympathy to Miss Phyllis Sine, bereaved by the death of her father Wednesday, October 15th.

Clifford Sine was born in Stirling, February 2nd, 1868. He was a graduate of the King George High School, Stirling, then called the Grammar School. He served as an apprentice with Boulter and Parker, Stirling druggists and afterward attended and graduated from the College of Pharmacy.

Mr. Sine followed his profession for over fifty years in Gananoque, taught a large Men's Bible Class for many years, served as Clerk of the Division Court and was active in every good cause in the community. He was a son of George William Sine (Principal of the Stirling Public School) and his wife, Catharine Leggett, of Marmora. He was a descendant of the United Empire Loyalists who established the Sine Settlement near the Oak Hills.

Mr. Sine's life should prove an inspiration to our boys of today who are surrounded with advantages that our fathers never dreamed of. We trust that someday someone will compile and publish a volume of Stirling boys and girls who have served their day and generation with distinction. This volume is sure to include the late Clifford Sine. He was laid to rest beside his wife who predeceased him following a service at Grace United, Gananoque on Monday last. The Minister of St. Paul's was honoured to share with his Pastor and former Pastors in the funeral service of this kindly humble gracious servant, of our Lord and Master Jesus Christ.

### Bible Drill

At St. Paul's and Carmel, Bible Drill will be resumed next Sunday. Parents are invited to sit with their children around the dining room table and enjoy the fascinating pastime of finding Bible Verses. This was called, "Sword Drills" years ago. We hope a community team can demonstrate "Bible Drill" at the Great Bible Sunday Service at St. Andrew's Church, November 30th at 7.30 p.m.

### Congratulations

We extend our sincere congratulations to the Minister of Rawdon, the Rev. R. R. Bonsteel, and his bride and join their many friends in best wishes for a life-long honeymoon.

### Transportation

Cars will be welcomed on Friday next to take the Senior Choir to

Victoria Baptist Church, Belleville, where it will sing at the opening of the Great Anniversary Mission to mark the 70th year of the Salvation Army in Canada; also to go to Warkworth for their Centennial Service next Sunday evening. Cars should be at the Church Friday at 7.15 p.m. and Sunday at 6.00 p.m.

### Official Board And Stewards

The Official Board of Paul's which includes Elders and Stewards will meet tonight (Thursday) at 9 p.m. to hear the report of the Anniversary Appeal and Canvas and to resume the consideration of the agenda laid over from the last meeting. An election will likely be held also to the Chairman of Stewards' Office.

### Items From News-Argus 1903

June 22 — Stirling is the possessor of a ladies' hockey team, and are in receipt of a challenge from the ladies team in Madoc.

### W.C.T.U. and Library

It is possibly forgotten by many but the following paragraph would indicate that full credit should be given to the Woman's Christian Temperance Union for the existence of a Public Library in Stirling.

April 2nd — "Some time ago the ladies of the W.C.T.U. decided to make a canvas of the town to ascertain what support would be given to a Public Library. The ground has not yet been entirely covered but a subscription amounting to \$312 has already been obtained, and a guarantee of at least \$40 annually for five succeeding years. The membership fee is \$1 per year. If one hundred members are secured — and there are practically that many now — government help can be obtained to the amount of \$200, if that sum can be raised here for expenditure in books; \$50 more from the government is also forthcoming if \$50 can be raised here for the support of a reading room in connection with the library.

"Twenty of our townfolk have sent in an application desiring to form the Library and are expecting to meet at McKee's Hall on Friday, April 2nd, 1903, at 4.30 p.m. to elect a Board of Management, after which all necessary steps for opening the Library will be taken as speedily as possible."

Note: It will be remembered that our Churches and Sunday Schools were the pioneers of the Library Movement. Time was when almost every Sunday School had a widely read library. When the church aroused the public conscience in the matter to the degree necessary to provide public library services their Sunday School libraries began to disappear and now few if any remain. We suppose there are many in Stirling who never give a cent to the Temperance cause and yet are ready to use the service of the library which exists as a result of the initiative of a company of "white ribboners" (W.C.T.U.) who gave visibility to their Christian principles.

Library Board Organized  
April 5th — "At a meeting held in

McKee's Hall last Friday afternoon, thirteen out of the twenty applicants were present and the following Board of Management was appointed: J. H. Halliwell, President; Rev. J. H. H. Coleman, Treasurer; Miss E. Parker, Librarian; Miss Graveley, Asst. Librarian. Others present included Dr. Bissouette, James Currie, Mrs. S. S. Burns and Misses Dickey and Lambly."

### Harold S.S.

April 23rd, 1903 — "A meeting was called in the interest of the Sunday School at the Town Hall, at Harold. Rev. D. S. Houck occupied the chair. The following officers and teachers were elected: Mr. W. H. Heath, Supt.; Mr. Richard Bailey, Asst. Supt.; Miss Bella Gay, Secy.-Treas.; Mr. G. A. Snarr, Mrs. Jas. Bailey and Miss Maude Kirk, Teachers."

### W.C.T.U.

October 1st, 1903 — At the Annual Meeting the following officers were elected: Pres., James Currie; 1st Vice Pres., Mrs. S. S. Burno; 2nd Vice Pres., Mrs. Bissouette; 3rd Vice Pres., Mrs. Montgomery; Cor. Secy., Miss M. K. Lambly; Rec. Secy., Miss Hattie Martin; Treas., Miss L. Caldwell.

### W.M.A. Officers

October 1st, 1903 — The Stirling Auxiliary now has 48 members. Pres., Mrs. J. Arthur; 1st Vice Pres., Mrs. J. C. Bell; 2nd Vice Pres., Mrs. M. W. Wescott; Rec. Secy., Miss Ella Currie; Treas., Miss Hattie Martin; Organist, Mrs. S. Murphy and Mrs. Geo. Bull.

### Library Opened

December 17th, 1903 — The Stirling Public Library was formerly opened on Tuesday, December 15th, 1903. There are nearly 600 volumes of choice books in the Library. Hours open: Monday and Saturday, 7.30 p.m. to 9.30 p.m. Wednesday 4 to 6 p.m.

### St. John's Stirling

The January issue of "The Ontario Churchman," carries a historical sketch of St. John's Stirling, which is reprinted in the News-Argus of

January 22nd, 1903. It reads in part: "The first Clergyman of the Church of England resident in Stirling was Mr. Groves who seems to have entered upon his duties about the year 1847. During his incumbency services were held in the Town Hall. In 1859 the Rev. J. A. Preston was appointed. Under his leadership the little band undertook to erect a Church. The corner stone was laid under Masonic Auspices June 25th, 1860 and the edifice opened for divine service the following year. Up to 1877 Stirling was the headquarters for an area that embraced Madoc, Marmora, and Frankford."

## St. Paul's Woman's Association

The regular meeting of St. Paul's W.A. was held in the Church Parlour on Tuesday afternoon, October 7th, with a good attendance.

The meeting opened with the President, Mrs. A. Wells in the chair, followed by the theme song and prayer. Minutes of the last meeting were read and approved. Correspondence was read including a letter from Mr. Ralph Barker, wishing the W.A. a successful year. The Good-Will Secy. read several thank you letters and the Treasurer's Report was read and adopted. The Calling Committee made 30 calls and Mrs. A. Scott and Mrs. Bolte will call for the month of October.

Overseas boxes or treats for boys who leave from St. Paul's Church to go Overseas was discussed and a box will be sent to Kenneth Black, who is now serving in Korea, for Christmas. The Anniversary Supper was mentioned, but on account of putting in a new floor in the basement, a canvas of the church ladies will be made in lieu of cooking.

Mrs. Way in a pleasing manner, opened her programme with a suitable poem. As her topic was on "Sacred Music," the stories of several old fav-

ourite hymns were read and sung. Mrs. Christie read the Scripture Lesson, followed by prayer by Mrs. Way. Mrs. Stapley and Mrs. Wilkins sang as a duet, "It Is Well With My Soul," and Mrs. Wilkins a solo, "Beautiful Isle of Somewhere."

Following benediction a tasty lunch was served and a hearty vote of thanks was tendered Mrs. Way and her committee for the pleasant afternoon by Mrs. Ed. Warren.

THE HOT OBOIST

Perry Bauman has good reason to feel hot, after a rehearsal session with the newly-formed CBC National Symphony. Standing by ready to wipe the oboist's brow is trench horn player Eugene Rettich. It takes many hours of hard work to produce a successful concert, which can be heard on the Trans-Canada network every Monday evening starting September 29th. This symphony orchestra is the first of its kind to be organized on a regular basis by the CBC. Guest conductors will be featured from Canada and other countries, and every second week a Canadian soloist will be introduced.

## Salem W.A.

The October meeting of Salem W.A. was held at the home of the Parsonage with a good attendance. The President, Mrs. Clements, presided.

The meeting opened with the theme song and prayer, followed by a reading on Thanksgiving. Hymn 579 closed the worship service.

Mr. Murney Johnston had charge of the programme which opened with hymn 577 and prayer by Mrs. Brown. The Scripture Lesson from the Psalms was read by Mrs. Lorne Hagerman. Readings on "Thanksgiving" were given by Mrs. Carter and Mrs. M. Wickens. Mrs. H. Mayo favoured with a solo, "In The Garden." Mrs. Frank McGee gave a splendid paper on "Thankfulness." Hymn 394 and the Mizpah Benediction closed the meeting.

A dainty lunch was served by the hostess. Mrs. Albert Twiddy expressed thanks to Mrs. Beckel and those assisting with the programme.

## Unique Relationship

(From Stirling Leader April 13, 1916)

I married a widow who had a grown-up daughter. My father visited our house very often, fell in love with my step daughter and married her. So my father became my son-in-law and my step daughter my mother, because she was my father's wife. Sometime after my wife had a son. He was my father's brother-in-law and my uncle for he was the brother of my step mother. My father's wife, that is my step-daughter had a son. He was of course my brother and in the meantime my grandchild for he was the son of my daughter. My wife was my grandmother because she was my father's wife's mother, so I am the husband and grandchild of my wife and as the husband of a person's grandmother, is his grandfather, it seems that through the force of circumstances I have become my own grandfather.

FRESH FROM THE GRAINBELT

The largest cargo of Canadian grain ever carried across the Great Lakes by ship was unloaded from Canada's biggest lake steamer, the 678-foot John O. McKellar into Canadian Pacific Railway grain elevators at Port McNicoll recently. The vessel's arrival at the Georgian Bay port marked the beginning of large grain shipments east-

ward as western farmers harvested the biggest crop ever grown, an estimated 1,350,000,000 bushels of all types of grain. Over 30,000 tons of wheat and barley, part of this year's crop and enough to fill 410 railway box cars were unloaded from the lake ship to await transfer to eastern ports by rail.

His mother was the daughter of the late Daniel and Eleanor Johnson, who resided on Pump Street at Mount Pleasant. Mrs. McDonald died in 1885 and Wallace came to live with his grandparents. DIAL 2120

Hello Homemakers! Doughnuts and Halloween are closely associated as far as we are concerned. A haunting memory of making doughnuts at this season reminds us of our first teaching experience when the class pleaded to make doughnuts in the cooking laboratory. Without asking permission each group trebled their given recipe in order that a sufficient number was made to take out of the classroom for a Halloween party... Well, that was the first and last time a class detained this teacher after school hours!

#### TAKE A TIP

- To deep fat fry food:
  - Choose a deep heavy saucepan with straight sides. A wire basket with a handle that fits the kettle is a great convenience, otherwise a slotted spoon and fork will do.
  - About 4 inches of oil or melted fat is advisable providing two or three inches is allowed between fat and the top of pan to prevent boilovers.
  - Heat fat slowly. Drop one inch cube of day-old bread into it. If bread browns in 40 seconds the fat is ready for frying doughnuts.
  - Fry only one layer of doughnuts at a time, usually 3 in a three quart kettle.
  - Lower food slowly into the fat, the bubbling will soon subside. Allow about 3 minutes for doughnuts to brown on one side then turn each and cook on other side for about 2 minutes.
  - As soon as food is browned remove from fat and drain on absorbent paper — paper towel or napkins.
  - Skim off all food scraps to prevent smoke.
  - When frying is completed, cool the fat or oil and store in cool place.
- Afternoon Tea Doughnuts

- 1 egg, well beaten
- 2 tbsps. sugar
- 3/4 tsp. salt
- 3 tbsps. milk
- 1 tbsps. melted shortening
- 1 cup flour
- 2 tbsps. baking powder

Add sugar, salt and shortening to egg. Mix and sift flour and baking powder and to first mixture. Force through pastry bag and tube (using small lady-finger tube) into deep fat and fry. Serve with Julienne-shaped pieces of cheese. Makes 18 to 20.

#### Raised Doughnuts

- 1 cup scalded milk
- 1 pkg. yeast, dissolved in 1/2 cup lukewarm water
- 1 tsp. salt
- 1-3 cup butter and lard mixed
- 1 cup light brown sugar
- 2 eggs, well beaten
- 3/4 cup grated nutmeg
- 2 cups flour

Cool milk to lukewarm, add yeast cake in water, salt and flour enough to make stiff batter. Let rise overnight. Add melted shortening, sugar, eggs and flour. Let rise again. If too soft to handle, add more flour. Turn on floured board, pat and roll 1/2 inch thick. Cut out with biscuit cutter and work between hands until round. Place on floured board, let rise 1 hour, turn, and let rise again. Fry.

#### Fritter Batter

- 2 egg yolks
- 1-3 cup water
- 1-3 cup milk
- 1 tbsps. lemon juice
- 1 tbsps. melted butter
- 1 cup bread flour
- 1 tbsps. sugar
- 1 tsp. salt
- 2 egg whites

Beat egg yolks; stir in water and

milk. Beat in lemon juice, butter, sifted flour and sugar. Whip egg whites and salt and fold into batter.

**Apple Fritters:** Peel and core apples. Cut them crosswise into 1/4 inch slices. They may be soaked for 1 hour in lemon juice. Drain them. Dip in fritter batter. Fry in deep fat at 350 degrees. Drain on absorbent paper. Sprinkle with cinnamon and sugar.

**Banana Fritters:** Peel and cut into halves lengthwise. Dip bananas in fritter batter and fry in deep, hot fat. **Pineapple Fritters:** Drain pineapple slices; dip in batter and fry until brown in deep hot fat. Drain on paper napkins.

#### THE QUESTION BOX

Miss S. H. asks: Please describe a topping or icing for gingerbread?

**Answer:** Brown sugar topping is easy and tasty to make. Combine 1/2 cup brown sugar, 2 tbsps. cinnamon, 1/4 cup flour and 1 cup soft butter. Work with the hands until crumbly. May add 1/4 cup chopped nuts. Spread this over gingerbread for the last 10 minutes of baking.

Mrs. C. M. asks: Do you use fat for deep frying that has become dark? **Answer:** No. If fat for deep frying has become dark it may be clarified by adding a raw peeled and sliced potato. Heat the fat slowly until the potato browns, then strain the fat through cheesecloth. It may be necessary to do this twice.

Mrs. L. D. asks: Why do French fried potatoes turn greyish colour?

**Answer:** Potatoes that are cut in cubes for French Frying should be blanched by pouring boiling water through them. Then pat the potatoes dry with a clean towel before adding to hot fat. Fat should be 395 degrees on deep fat thermometer or a one inch cube of day-old bread should brown in 20 seconds.

#### Sept. Fatalities At 98 Are Nine Fewer Than Last Year

Ontario's 83 fatal traffic accidents in September killed 98 people, according to the preliminary figures. Three of the dead had been injured in previous months.

Of the 25 motor vehicle collisions which killed 27, two were with farm tractors and four with bicycles. Single vehicle accidents claimed 31 victims, and 10 died in level crossing accidents. Nine accidents involved more than one death, and the worst of these killed six young men when their truck swerved, allegedly to avoid a dog, and crashed a tree. During the month one motorcyclist, four cyclists, 26 pedestrians, at least 29 drivers and 34 passengers died.

A hopeful trend for the beginning of the new school year was the decrease in child fatalities to ten, from 15 in August and 17 last September. Seven children, all under the age of five, were pedestrian victims; two little schoolboys died when their bicycles collided with autos; and one 15-year-old girl was killed in a car crash.

Deaths from Labour Day collisions totalled eight by the month's end, five more than on Labour Day 1951. The following Saturday and Sunday took the highest week-end toll of the month, with 17 victims.

September 1951, peak month of that year, claimed 107 traffic fatalities as against 98 this year. But despite the unofficial total for the first nine months of this year, 682, is five more than the toll of 677 for the same period last year.

#### Another Round of Wage Boosts

"Go after higher wages now for the money is there" was the advice of a prominent Canadian labor leader to his union a few years ago.

The union took his advice, went after higher wages and got them; and all the other unions followed suit.

Now they are trying it again and indications are that they will succeed again.

Economists tell us that the economy of the country can't stand another round of wage increases unless there is a corresponding increase in production. But the unions pay no attention to that. They have economists of their own who tell them the things they like to hear.

One by one, employers are yielding to the new demands, not because they can afford it, but because they don't want any trouble with the unions, and they hope prices will rise and the extra costs can be passed on to the consumers. No employer wants to stick his neck out and fight this battle till he knows what support he can expect from other employers and from the general public.

The general public is still apathetic and would rather pay than fight. Furthermore it is not convinced that there are not huge profits somewhere from which the higher wages can be paid.

The public can't be blamed for this for the language in which business reports its earnings and outlays is such that anyone not familiar with its terms

might come to the same conclusion. But where will the money come from to pay these wage increases if there is no increase in production? It will come out of the value of the Canadian dollar.

The total income of all the people of Canada last year was 21 billion dollars. That was the cash value of all the goods and services actually produced in the country.

If there is a general wage increase the total cash income for next year might be as much as 22 billion dollars. But if there is no increase in the goods and services produced, the 22 billion dollars will not represent any more real wealth than 21 billion did last year.

In other words the Canadian dollar will be worth less than it was.

Already our dollar has lost half the value it had twelve years ago.

How much more can it lose before the people lose confidence in it and refuse to accept it in payment of wages or of any other obligation?

If that day comes, labor will have cause to regret its greed in insisting on more wages than it was willing to earn.

There is a real danger that unless effective action is taken to check these recurring demands for wage increases such a thing will happen.

The first step in preventing such a catastrophe is to arouse the people to the danger of it, and warn them against the things that lead to it.

This is everybody's battle. —The Rural Scene.

## NEWS FOR THE BUSY FARMERS

### WINTER SHELTER FOR BEEF CATTLE

The essential features of winter shelter for beef cattle are a dry bed and protection from cold winds. Elaborate buildings are not required to provide these elementary comforts.

For many years the Experimental Farm, Brandon, Man., has used an open front shed, with frame walls and a pole roof covered with straw, with satisfactory results. The three sides of this building are single-boarded and set on cement footings. The south side is completely open, facing the corral where hay and silage are fed. A shed of this nature, with corals on the south side, provides a shelter that is adequate, reasonably permanent, relatively cheap in construction and adaptable to efficient handling of beef cattle in the winter months. The only improvement in this type of shed that would seem warranted is the replacement of the straw roof with one of more permanent nature.

Shelters of more elaborate types, says W. N. MacNaughton, Animal Husbandman at the Farm, should be considered only if the building can serve some additional purpose, such as the storage of hay under cover. Even to serve this additional use the building does not need to be an expensive one. A shed of the style described, but of considerable depth, could be used for hay storage with a space of six or eight feet left along the open side. This space would provide ample shelter during the early months of winter and as the hay is fed out more shelter space under cover would be available to the stock. A shed of this nature would lend itself particularly well to methods of self-feeding hay to cattle.

Any cattle shelter should be located on a well drained site where full advantage can be taken of natural shelter. It should be conveniently located in respect to the winter's feed and water supply.

### BUCKING AND SAWING TIPS

The instructions contained herein are taken from official handbooks, authorized by Ontario pulp and paper companies for use in their camps.

The best method of bucking pulpwood is to use long easy saw strokes, letting the saw blade run its full length along the wood. Take your time, and try to count off about 80 double strokes to the minute. You'll soon settle into this easy rhythm. If the wood is gummy, put a few drops of coal oil on the sawblade. Ensure that all pitch and rust is cleaned off the blade every night.

Getting the most out of your efforts can be accomplished by using a rocking motion in making each cut. Make sure that your underneath hand isn't too close to the blade or it will ride flat and cut slowly.

Push forward and down — pull back and press down. That's the secret to getting top efficiency; and that rocking motion really cuts the wood! In this way, the blade cuts on a corner, so to speak, and the raker teeth clear away the sawdust better, giving you faster and less tiring results.

Remember to make all your saw cuts straight. If you're not getting a straight cut, check the blade for "set."

### SAVE THAT TOPSOIL!

The first step in the preparation of a new lawn should take place before home construction is started. Frequently, a lot is covered by a layer of excellent topsoil, all too often destroyed during construction either by removal, burying during grading or by some other cause. J. H. Boyce of the Forage Plants Division, Central Experimental Farm, Ottawa, points out that it is a simple matter to bulldoze this soil into a stockpile in a corner of the lot before excavation is started. Such a stockpile is invaluable when the time comes to build the lawn and start other landscaping operations.

A good example of the common sense of saving the topsoil was observed recently when two neighbouring houses were built on lots of equal size, both covered with excellent topsoil. The topsoil on one lot was stockpiled with a bulldozer before construction started and re-spread after construction was completed, at a total cost of \$65.00. This provided a layer of good topsoil to a depth of eight inches. No effort was made to save the topsoil on the second lot and after the building was finished the entire area was covered with fill of inferior quality. It was necessary for this owner to purchase topsoil at a cost of \$132.00 for a scant one inch of soil inferior to the original.

Be good to the obvious — save that topsoil!

### In Hymen's Bonds

WRIGHT — SINE

A very pretty wedding took place in Scott's United Church, Sidney, at 2.30 p.m., on Saturday, October 18th, when Verna Belle Sine, R.R. 2, Frankford, daughter of Mr. and Mrs. Morley B. Sine, was united in marriage to James Walter Wright, son of Mr. and Mrs. Walter Wright, Stirling. Rev. W. Neelands was the officiating clergyman. The church was decorated with ferns and baskets of 'mums.

Gena Vanderwater, of Toronto, rendered the wedding music. George Clare, Corbyville, the vocalist, sang before the ceremony "The Lord's Prayer," and "I Love You Truly," during the signing of the register.

The bride, given in marriage by her father, was lovely in a strapless gown of Chantilly lace over white satin with matching jacket. She wore a Juliet cap with long veil and carried white roses.

Miss Nina Sine, Kingston, as maid of honor and Miss Eloise Sine, as bridesmaid, both sisters of the bride, wore strapless gowns of organdie over taffeta, with matching capes. The maid of honor wore mauve and the bridesmaid pastel green. They carried bouquets of 'mums and roses.

Misses Monica and Elaine Sine, nieces of the bride, were dressed alike in yellow organdie, over taffeta, the

skirts being fashioned in three tiers. They carried nosegays of 'mums and rosebuds. All four attendants wore matching hats of organdie and lace.

Mr. Neil Burgess, of Stirling, was groomsmen. Messrs. John Sheridan, cousin of the bridegroom, and Grenville Sine, brother of the bride, acted as ushers.

At the reception, the bride's mother received the guests, attired in a corded crepe dress of Queen's blue with navy accessories. She was assisted by the bridegroom's mother, dressed in hunter's green crepe with matching accessories. Each wore a corsage of roses and carnations.

The reception was held at the Golden Acres Inn, Kingston Road, Belleville.

The bride and bridegroom left for a wedding trip to Quebec City, the bride costumed in a two-piece dress of cherry red velvet with black accessories. Her corsage was a single white orchid.

Out-of-town guests were present from Stirling, Belleville, Peterborough and Toronto.

Upon their return the bridal couple will take up residence in Stirling.

## 98th Milestone Passed By St. Andrew's Presbyterian Church

Rev. J. McAvoy, Burnbrae, Delivers Two Challenging Sermons — Special Music

The Rev. James McAvoy, of Burnbrae, was guest speaker on Sunday, October 26th, when St. Andrew's Presbyterian Church, Stirling, marked its 98th anniversary.

Mr. McAvoy delivered two challenging and inspiring messages. In the morning he spoke on "The Church" under the following heads:

(1) The early church according to Acts 4:31, was a Praying Church, approaching God at the Mercy Seat and enlisting His help; (2) It was a Courageous Church — the people who were the church had the courage of their convictions, and we need such cheerful courage today; (3) It was a Possessive Church, Acts 4:32, and the people had the power of the spirit within them to witness for the Master effectively; (4) It was a Hopeful Church, that hope which was built up on Jesus' blood and righteousness; (5) It was a Co-operative Church. The people were of one mind and one spirit according to the text.

The Christian Church justly demands our loyalty and allegiance because, it today, as in the early Christian era, stands for the best in life and despite its failings, its influence makes for the enrichment of character and the saving of souls.

The evening subject was, "Lessons from the story of the life of Zaccheus." Because of his earnestness, Zaccheus triumphed over the peril which attends wealth, and over the demoralizing calling in which he was engaged, that of a tax collector and also over an evil reputation that of a publican.

Zaccheus also triumphed over the obstacles which stood between him and Christ, and it led to newness of life, "and Christ who came to seek and save the lost" took him up into His favour and friendship. The saved soul proves His salvation by Liberty and Restitution and Jesus gives Zaccheus a blessed assurance of sonship.

It is thus today the Lord comforts those who trust Him; and if we, like Zaccheus, will turn to the Saviour and surrender our lives to Him, we too can have sweet abiding peace and satisfaction.

The anniversary music consisted of an anthem by the choir in the morning entitled, "A Good Thing To Give Thanks," by Ira B. Wilson, and a duet by Mrs. Roy Eggleton and William Reynolds, "Pleasant Are Thy Courts Above," by Frank Brackett.

In the evening the choir rendered two anthems, "Bless The Lord," by Chas. Gabriel, and "Praise The Lord For His Goodness," by Carrie B. Adams, and William Reynolds contributed a solo, "The Publican," by Van De Water.

Mrs. R. H. Williams presided at the console of the organ for both services and rendered selections by the following composers, Handel, Demarest, Dubois, Chas. Gounod, Shelley, Schubert and Mozart.

The church was decorated for the occasion with beautiful baskets of 'mums and large congregations were present. The thankoffering for the day was in the neighbourhood of one thousand dollars and was most gratifying to all. Rev. W. H. V. Walker, who preached at Burnbrae in the morning, conducted the evening service.

### Tuesday Dinner

Tuesday Evening

On Tuesday evening the ladies of the congregation served a Turkey Dinner in the Sunday School rooms to a large crowd. The tables were laden with all the good things to eat and the large crowd was served promptly and with a minimum of confusion. The ladies of St. Andrew's have long been noted for their good cooking and many fine compliments were paid them on Tuesday's dinner.

Past Grand Master Jack Corrigan and Grand Secretary as well as Wor. Bro. Bateman were the chief speakers.

## Vestry Meeting At St. John's

The special Vestry Meeting, which convened after the service, voted 27 to three in favour of the project of flooring the church. St. John's is the most beautiful of all Anglican Churches in the Deanery, and if we are excused for boasting a little, perhaps in a new tile floor the whole church will be given a new appearance. Let us think of this project as one to the Glory of God and in memory of the pioneer workers in this church who in 1857, began to labour for God in the community. They had no church, but used the Town Hall. In 1859 the first church was built. When in 1959 we celebrate the Centenary of St. John's, many of us, we hope, will be able to walk on the floor now to be laid, and our grandchildren will point with pride to our work.

Certainly there is much we have to do, our Missions give us should be increased, the new home for our Bishop must be paid for, but as William Carey says "Expect great things from God and attempt great things for God." If everyone who loves his church will help and if all our hearts are open to Christ, it will come true even as He said "With me ye can do all things."

At the service of Evening last Sunday the Senior Choir and the St. John's "Trust In Him" choir. Owing to the absence of Mrs. R. Woodhouse, who we are sorry to hear is in hospital, the solo part was taken by Miss Isobel Archdekin. All hope for a speedy recovery for Vera.

The Rector spoke on the Obligation of the Baptismal Covenant, pointing out that upon ourselves spiritual obligations, which are confirmed by the Sacrament of Laying on of Hands.

## Stirling, Rawdon and Marmora Council Christian Education Meet

The Annual Convention of Stirling, Rawdon and Marmora Council of Christian Education was held in the Springbrook United Church on Wednesday, October 22nd with a good attendance at both the afternoon and evening sessions. The theme of the Convention was "The Bible in Christian Education."

Rev. H. E. Beare welcomed everyone to Springbrook and opened the worship service with a hymn. The 21st Chapter of St. John was read from the Revised Standard Version, with a short meditation on the words, "Feed My Sheep." The service closed with prayer and a hymn. Rev. Crawford, of Marmora, acted as organist for the Convention hymns. Mr. Fred Houchin, President of the district, then took the chair and presided over the remainder of the session. Mr. H. Hagerman acted as secretary for the sessions.

The President gave a report of the year's activities. One of the highlights of the year was a Leadership Training School under the supervision of Rev. G. Young, of Marmora. The two classes were led by Rev. Beare, of Springbrook, and Rev. Secker, of Stirling. This school was well attended and a benefit to a great many. A social evening for the district was also held at Mount Pleasant with Rev. Morley Clarke as speaker. A Resolutions Committee was appointed for the Convention and consisted of Mr. G. Williams, Mr. Cottrell, Rev. Crawford and Mrs. Hinds.

Rev. J. Arnold Foster, Representative of the O.C.C.E., gave his first address of the afternoon, "The Bible in Christian Education." Mr. Foster divided his address into three parts: (1) The Bible as an aid or tool; (2) The Bible as a source; (3) The Bible as a substance.

He stated that the Bible is full of life illustrations and one of the most challenging things a Sunday School Teacher has is to make the Bible live. He summarized his address by saying, "Let's use the Bible" for Thy word is a lamp unto my feet and a light unto my path.

A discussion period followed, on "The Bible in The Church School." A period of recreation was held in the form of a Bible Quiz, conducted by H. Hagerman and proved that several knew their Bible quite well, followed with the singing of a hymn. Mr. Houchin then led a panel discussion on "Using The Bible in My Class." Others taking part were Mrs. A. Pyear, Mrs. J. Holmes, Mr. Cottrell, and Mr. Meiklejohn.

Rev. Foster brought his second address, "The Revised Standard Version and Its Observance." The King James Version is spoken of among millions of Christians as the authorized version, but this should not prevent a new translation in the light of present day knowledge. In its day the King James Version was itself a revision. A wonderful group of scholars undertook and completed the Revised Version and by using modern language this translation can become a part of everyday life. Publishers stressed the interdenominational desirability in the presentation of this Bible to the public. Rev. Foster completed his work for the afternoon by giving a summary of books that had been laid out for inspection by the meeting.

Rev. Walker gave notice of supper and the evening session and adjourned the meeting. A bounteous supper was served by the Adult Class of Springbrook Sunday School.

**Evening Session**  
The evening session opened with Departmental Discussion Groups. Rev. Baker led the Adult Division and Rev. Foster the Children's. Many teacher problems were talked over and useful suggestions given.

A three minute "Buzz Session" followed. The gathering was divided into six groups and each group reported on the question, "Of what particular importance is this Convention to a Sunday School Teacher?"

Worship Service for the evening was conducted by Rev. A. E. Baker and opened by the use of a hymn, followed by the Lord's Prayer. Psalm 73 and 78 were read responsively. Mr. Baker closed the service with prayer. A demonstration in Choral Bible Reading was given by Mrs. J. M. Thompson's Junior Sunday School Class of boys and girls. They used as material the 2nd Chapter of Matthew and Luke 18:9-14. Mrs. Thompson and class were congratulated by all present on the splendid way this work was presented.

Mr. G. Williams reported for the nominating committee consisting of Mr. Williams, Mrs. Clancy and Rev. Bonsteel and presented the slate of officers for 1952-53 as follows:

Honorary President, Mr. C. Tum-

mon; Past President, Mr. A. Drow; President, Mr. F. Houchin; 1st Vice-Pres., Mr. H. Hagerman; 2nd Vice-Pres., Mr. O. Sharpe; Secretary-Treasurer, Mrs. D. Heath; Temperance, Mrs. M. Meiklejohn; Children's Work, Miss Gena Spry; Girl's Work, Mrs. Joe Thompson; Boy's Work, Rev. R. R. Bonsteel; Young People's Work, Mrs. B. Heagle; Missionary, Mrs. H. Smith; Leadership Training, Rev. H. Beare.

Mr. Williams moved the adoption of this report which was seconded by Mr. Cottrell and the above officers were declared elected.

Mr. Foster then gave a short address on "Making the most of the whole year," and installed the new officers. Each officer was presented with a folder containing helpful material for their department. Mrs. Walter Warren favoured with a lovely solo, "How Lovely Are Thy Dwellings," accompanied by Mrs. Harry Morrow. This was followed by an offering and roll call.

Rev. Foster gave his final address, "The Bible in The Public School." He commended all clergy who gave of their time and talent to give Religious Training in Public Schools. Mr. Foster spoke briefly on the Hope Report. Following this address Rev. Brownlie moved the following recommendation: "That this Convention of the Stirling, Rawdon and Marmora, Council of Christian Education, this 22nd day of October, 1952, respectfully request the Legislature of the Province of Ontario to implement the Report of the Royal Commission of Education at the earliest possible time." This recommendation was seconded by Mrs. Welman and carried unanimously.

### Resolutions Committee

The Resolutions Committee reported and the following resolutions passed: (1) That we tender our hearty thanks to Rev. J. A. Foster, the O.C.C.E. Rep. of this year for his fine addresses and helpful suggestions at this annual convention; (2) That gratitude be extended to those who planned and took part in the sessions; (3) That appreciation of the excellent meal served by the Adult Class of Springbrook United Church Sunday School be placed on record; (4) That recommendation to the Executive that they endeavour to hold a Leadership Training Class again this year on the lines of last year's class.

## Bancroft Man Agrees To Pay \$1,688 Damages

Fred Brethour, a Bancroft woodcutter, has agreed to a settlement of \$1,688 in a damage claim against him, laid by two C.P.R. section hands.

In an out-of-court settlement he agreed to pay Vernon Fleming \$1377.19 and Garfield Aylsworth \$150.81, plus costs of \$200. Fleming and Aylsworth were working at Ivanhoe when their car collided with another vehicle, driven by Brethour, three and a half miles south of Madoc.

The accident was on January 31st, 1951. Minutes of settlement were filed before Mr. Justice W. F. Schroeder at the Supreme Court non-jury sitting that adjourned Friday.

Fleming originally asked for \$1784 for personal injuries and damage to his car. His passenger at the time, Aylsworth, claimed \$202. In the settlement claims were scaled down to \$1,337 and \$151, respectively, and a counter-claim by Brethour was dropped.

Brethour had already paid \$892 into court on Fleming's account and \$101 on Aylsworth's.

The claims will be paid off in monthly instalments of \$17.0.

## River Valley Women's Institute Holds Cemetery Meeting

A special Cemetery Meeting was held in River Valley School House on Friday evening, October 24th, with a good attendance of interested folk. The meeting was called in connection with the Old Pioneer Cemetery near the School House which dates back to about 1806. There has not been any burials in this cemetery for several years. Mrs. Ed. Heasman, President of River Valley Women's Institute, presided and introduced the special guest speaker, Col. Roscoe Vanderwater, of Marsh Hill, who gave a full translation of cemetery laws. Mr. B. C. Tucker, of Bethel, also spoke briefly. Mr. R. Hermon, of Chatterbox, was in attendance.

The Conveners of Community Activities, Mrs. Ernest Carr and Mrs. Sheldon McIntosh with their committee Mr. and Mrs. Roy Bush, Mr. and Mrs. Stanley Irvn, Mr. Jack Sager and his mother, Mrs. Janet Sager, Mr. Ernest Rosebush and Miss Flossie Rosebush have had this project on their agenda for this term.

An advertisement will be inserted in the local paper for two weeks signed: three plot owners, Clarence Chard, Jack Sager and Pearl Corby; after two weeks another meeting will be held to appoint a Secretary-Treasurer and trustees to look after the business and finances.

On Saturday, November 1st, a bee will be held at the Cemetery to cut brush, weeds, etc., and give the property a general cleaning. The ladies under the supervision of the two conveners, Mrs. Carr and Mrs. McIntosh, are catering for a pot-luck dinner at noon. Everyone interested in this pioneer cemetery is invited to attend the bee on Saturday.

## Maple Leaf Mission Band

The Maple Leaf Mission Band of St. Andrew's Presbyterian Church was held in the basement of the church on October 11th, with a good attendance.

The meeting opened with a sing-song, which included, "The Carpenter's Song," and "This Is The Way We Go To Church." Scripture was read by Sally Fox, followed by the Lord's Prayer in unison. Roll Call and minutes were read.

The Treasurer's report was given. The next meeting will be held on November 8th at the Church Parlours. A substantial donation was received from Miss Pitman, which was greatly appreciated. The collection was gathered by Janet Johnston and dedicated by Allan Johnston.

## St. Paul's-Carmel Items of Interest

(By Rev. A. E. Baker, U.E.)

### Sunday School

The October Sunday School Convention at Springbrook has served to arouse a fresh interest in Sunday School work. This important field of Christian endeavour has a tendency to become mere routine, accepted as a matter of course by both parents and teachers who are out of touch with its real importance namely to prepare boys and girls for Christian living and membership in the Christian Church.

### St. Paul's

Boys enrolled at St. Paul's number 37 of whom 10 live on rural mail routes. Girls number 54 of whom 12 live on rural mail routes.

We are sorry to report that there are a number of alleged United Church families in the village whose children are not enrolled in the Sunday School. It would be a great help to such children if parents would bring them or send them regularly.

### Rally Day

Evidently neither parents or children are familiar with this term. Our enquiries would suggest a total ignorance of the meaning of the word "Rally." Possibly it is not a good word. Would "Fall Commencement" or "Opening" or "Enrolment" have home meaning? We need a new word for the mustering of all boys and girls.

### River Valley

It is evident the Trustees of this section are progressive. The teacher's desk has been reconditioned and fitted with new drawers. A modern sink has been installed with cupboards in cabinet style. The flag pole is down for repainting and the exterior of the school is being pointed.

The pump at this school is in use which stands in sharp contrast to a number of school pumps which are unusable.

### Riverside

Gay streamers in gold and black with spaced pumpkins give this school a Halloween spirit.

### Room No. 1, Stirling

This is really a dream room for children. Lovely pictures of every kind abound. The spirit of the season is emphasized by pumpkins, cats, witches etc. Mrs. Bruce Bell is to be congratulated on the arrangement of so much preparatory material on walls, windows and blackboards.

### A Good Idea

The calendar of St. Thomas Church, Belleville, carries no denominational designation. A paragraph reads: "We welcome you most sincerely to our worship here in St. Thomas'. We hope that you will enter heartily into the service, and be refreshed and strengthened in spirit by these moments in God's House. If you wish to identify yourself permanently with St. Thomas' will you kindly introduce yourself to the Rector. He is anxious to know you and be of service."

### S.S. Convention

A splendid Convention was held by the Stirling, Rawdon and Marmora Council of Christian Education at the Springbrook United Church last Wednesday. Emphasis was placed upon Bible Memory work by a choral reading demonstration of boys and girls under the capable direction of Mrs. J. Thompson. Rev. J. Arnold Foster, O.C.C.E., made an excellent representative from headquarters.

The value of a Bible Quiz was evident from the interest of the Convention. Mr. Harold Hagerman led this project. Mrs. Walter Warren, G.M., was the special guest soloist.

A fervent plea for action on the Hope Report was made by Rev. J. M. Brownlie, of Marmora. This was supported by the Convention. Mr. F. W. Houchin of St. John's, Stirling, made an affable presiding officer. He was re-elected President.

### S.A. Campaign

To assist the 70th Anniversary observance of the Salvation Army, St. Paul's Choir journeyed to Belleville last Friday. The service was held in the Victoria Ave. Baptist Church. The Choir sang "At Even Ere The Sun Was Set," and "Break Forth Into Joy." Solo parts were taken by Mrs. Walter Warren, Mrs. Wm. Wilkins and Wm. Aylsworth. The Male Quartet, Messrs. Pyear, Bush, Richardson and Aylsworth sang a special gospel number. Mr. Douglas Pyear, tenor soloist, sang "I Heard The Voice of Jesus Say." A stirring call to sacrifice was made by Major B. Pedlar who is an evacuee from Canton, China, where he spent 18 months under Communist rule.

### Warkworth Visited

St. Paul's Choir were guests of the Warkworth St. Paul's United Church last Sunday evening, when the congregation marked its Centennial. Mrs. Walter Warren's lovely soprano voice was heard in Handel's "Come Unto Him." The Male Quartet, Messrs. H. Brown, Jack Bush, Grant Richardson and Wm. Aylsworth sang in lovely harmony, "Jesus Calls Us," while the full choir gloriously interpreted "O Gladsome Light" and the "Lost

### Chord."

Members of the Warkworth Choir entertained St. Paul's Choir and their friends. They also gave the Choir a gift of fifteen dollars.

### St. Paul's Sunday School

Commencing next Sunday an "overall" record of attendance will be kept for the purpose of recognition in Centennial Year. Misses Patricia Bruce and June Sleeper will act as Attendance Secretaries. All Sunday School Officers and teachers at St. Paul's and Carmel will meet at the Parsonage for a Conference Service to review and plan S.S. work on Sunday evening, November 9th.

### Remembrance Sundays

The St. Paul's Congregation will observe Remembrance Sunday at 11.00 a.m., November 9th. The Carmel congregation at 7.30 p.m., November 16th, when their War Memorial will be unveiled and dedicated. This great service will be attended by the Stirling Branch of the Canadian Legion and visiting Veterans. The beloved Padre Lt. Col. Sidney Lambert, O.B.E., will be the guest speaker. Citizens from all walks of life should plan to hear this distinguished visitor.

### Bees

The two community "bees" (1) River Valley; (2) St. Paul's church, will do much to enhance our pride and spirit of sharing. There are many opportunities for church and community projects which can be advanced by volunteer labour. One of these is tree planting. Plans made now might well move to action by the spring.

### S.A. Team at Carmel

The visiting Salvation Army Missioners with an instrumental quartet will hold a special service at Carmel at 3 p.m. next Sunday. Major and Mrs. Pedlar who spent some years in China of which several months were under Communist rule has a thrilling story.

The brilliant soloist, Second Lieut. M. McFarlane will sing. Senior Capt. Brightwell, O.C., of Belleville, Corps, will accompany the party.

### St. Paul's Appeal

The Treasurer advises that cash receipts to date total \$2751.00. When the canvas of the congregation is completed it is expected that this will be considerably increased. Other sources of income are an Organ Fund balance of approximately \$400.00 and a donation from the Young Marrieds of \$150. A special subscription is expected to provide several hundred dollars.

### Official Board

The Official Board has authorized the Interior Committee to proceed with the new floor and church redecoration at once. It is planned to extend the renovation to include new lights with necessary wiring as well as renewal of the auditorium entrance doors. To cover these an additional \$500 will be required. The Finance Committee regrets that some names were unintentionally missed when the appeal was sent out. It had no desire to overlook anyone. Will all who have not yet sent in their subscriptions please contact Mr. Albert Wells as early as possible and will those in a position to do so please send in additional gifts.

### New Carpet

The Board expressed the hope that someone would make it a special project to provide new carpets for the church. This would be a very gracious and welcome gift. Telephone Dr. Cornett for further information. Perhaps if one cannot do it alone two or three will join forces to make possible new carpets.

### Chairman of Stewards

Dr. Wm. Cornett was elected to fill the vacancy of Chairman of the Committee of Stewards resulting from the death of the late C. I. Hatton. Follow-

ing the congregational meeting in January the Stewards will meet to arrange their officers for the New Year. It is suggested that a Vice-Chairman be elected to serve when the Chairman is unable to be present.

### Visitor At St. Paul's

Rev. Wm. Fletcher, B.A., B.D., of Wooler, will be the guest speaker at St. Paul's next Sunday.

### Bible Drill

This interesting study was resumed at St. Paul's and Carmel last Sunday.

### River Valley Bee

The River Valley "Bee" called for November 10th has now been changed to Saturday, November 1st. The committee of the Women's Institute report that the former date was too late. They are therefore mustering the men for the work next Saturday.

It is planned to serve a noon-day lunch at the school. This quiet "God's Acre" is purely a community project. The Cemetery apparently was never under denominational control. It is hoped that a plan of all known graves can be made. Since this Cemetery has never been closed it can still be made available for burials when a Board of Trustees has been properly appointed.

### St. Paul's Bee

All men of the Church and community who can lend a hand are invited to meet at St. Paul's Church on Monday, November 3rd for the purpose of removing the old Sunday School floor. Volunteer help will also be welcomed in laying the new floor.

Let both "Bees" find a generous, good natured response — for the work is worthy.

## Early Settlement Of Rawdon

The following letter appeared in the News-Argus of May 26th, 1904:

Sir:

In giving a history of the first settlement of Rawdon I must give a copy of the family record of Samuel Preston Cummins.

Samuel Preston Cummins and Susan Wells were married in Bennington, Vermont (Date faded); Clary Cummins born Jan. 23rd, 1790, married to Joseph Rosebush (date faded); Lucy Cummins born Feb. 2nd, 1792, married to Gilead Bettys, Dec. 23th, 1817; Jedediah Cummins born (date faded), married to Esther Reid, Dec. 27th, 1821; Hiram Cummins, born (date faded), married to Abigail Reid Dec. 26th, 1822; Annis Cummins, born Jan. 14th, 1800, married Joseph Green, Jan. 1st, 1817; Polly Cummins, born Mar. 31st, 1802, married Horace Philips, July 3rd, 1823, her second husband was Samuel Horton.

My mother was Lucy Cummins. When grandfather Cummins came to Rawdon there was one settler before them, uncle (his wife was my father's aunt) Samuel Rosebush. His father Perry Kansas, May 16th, 1904.

settle on what is now called the Shea who was a Frenchman was the first to farm (in Sidney). Uncle Samuel Rosebush took the millsite and built the first saw and grist mills in Rawdon.

Grandfather took up land north of uncle and adjoining him. Mr. Lake took land west of uncle. Mr. Green west of Mr. Lake and Mr. Weese west of Mr. Green.

My recollection from 1842 when I was nine years old is very good. I never saw any of the first settlers except Mr. Weese. Nicholas Lake was on his father's farm. Uncle Joseph Green was on his father's farm.

Mr. Fidler had bought the mills and grandfather's farm about 1830. The old farm gristmill was burned down in 1845. I remember that very well. Mr. Fidler replaced it with a stone mill. They were all summer building it. That is all I can remember that would be of interest to your readers.

All of the children of Samuel P. Cummins were married, lived and died in Rawdon except my mother, Lucy Bettys. She died in Kansas, October 31st, 1871.

I remain yours,

Harry Bettys

STIRLING

DIAL 2120

Hello Homemakers! Meat makes the meal because it gives us a feeling of being well fed. However, it is always pleasant to enjoy meat that is tender, flavorful, juicy and appetizing in appearance. To have all these attributes we should observe one rule: Cook meats at low instead of high temperatures.

If you haven't time to cook a certain cut of meat slowly until tender, then something like bacon and eggs will be more acceptable. The method and the cooking period used to cook meat depends largely on these questions:

Is it a tender or less tender cut?  
Is it a large chunky piece or meat that is easily sliced?

Can it be served medium rare or must it be well done?

Remember that good cooking costs you less, not more, than poor cooking!

The recipes to follow are taken from the new, pocket book edition of Martha Logan's Cook Book which we highly recommend.

#### Steak Casserole

- 1 lb. round or chuck steak
- 1 tsp. salt
- 1 tsp. paprika
- 2 tbsps. flour
- 2 tbsps. fat
- 2 onion, sliced
- 4 potatoes, sliced
- 1 cup tomatoes
- 1 tsp. catsup

Cut the steak into 4 pieces. Season and pat on the flour, then brown in hot fat in a heavy skillet. Turn meat into casserole and add remaining ingredients. Cover and bake in a preheated electric oven of 350 degs. Cook about 1 1/2 hours. Serves 4. (Add water, only if necessary.)

#### Sausages - Sweet Potatoes

- 1 lb. sausage meat
- 2 cups mashed sweet potatoes
- 1/2 cup orange juice
- 1 tbsps. grated orange
- 1 egg, beaten
- 1/2 tsp. salt

Pan fry sausage slowly until well browned. With a fork, beat mashed sweet potatoes, orange juice, gratings, egg and salt. Arrange the sausages in a deep pie plate. Spread on potatoes. Bake in an electric oven of 375 degs. for about 30 minutes. Serves 6.

#### Lamb With Kidney Beans

- 1 lb. lamb riblets
- 2 tbsps. fat
- 2 tbsps. salt
- Flour
- 2 1/2 cups tomatoes
- 1/2 cup celery, diced
- 2 1/2 cups red beans

Heat fat in heavy skillet. Cut lamb into rib pieces. Season with salt and roll in flour. Brown meat. Add tomatoes and celery. Cover and cook on electric element turned low or simmer for 2 hours. Add cooked kidney beans during last 20 minutes. Serves 4.

#### TAKE A TIP

1. Round or cubed steaks should be browned quickly, then cooked with some water or tomato juice and covered.
2. Bacon rind should be trimmed off bacon before trying to prevent shrinkage. The rind may be placed in a pile at one side of the pan if you are wise to use bacon dripping

for cooking. Cook over low heat and drain off fat several times.

3. A pot roast should be at least two inches thick.

4. A meat thermometer is a wise investment.

5. A pinch of mustard in gravy will always improve the flavor

6. Meat may be stored in the cooking juice or gravy if meat and juice are chilled separately.

#### THE QUESTION BOX

Mrs. N. L. asks: How can I prevent sausages from sticking to the bottom of the skillet?

Answer: Pour a quarter inch of hot water in skillet, add sausages. Keep simmering for 5 minutes. Drain off water and pan fry slowly. Turn with tongs to brown evenly.

Mrs. M. T. asks: How do you serve leftover dressed roast pork?

Answer: Stuffed roast pork is always good served cold or the slices heated in gravy. May also serve cubes of the meat as a casserole in condensed celery soup and topped with pieces of stuffing and potato chips. A fourth suggestion may be wedges of cold pork placed in a casserole, topped with a paste of brown sugar, pinch of dry mustard and pineapple juice, then heat in hot oven.

Mrs. S. R. asks: How do you slip the skin from a pork tongue which was cooked 1 1/2 hours?

Answer: As soon as water added to cover tongue begins to boil, reduce the heat to simmering point — do not boil. Cool slightly and slit skin from thick end. It may be necessary to slice off skin in places on pork tongue.

#### River Valley W.M.A.

The River Valley W.M.A. held their regular meeting at the home of Mrs. Ernest Carr with an attendance of 18 and 4 children.

The President, Mrs. Ross Holland, opened the meeting with the reading of the 100th Psalm, followed by the hymn, "We Have Heard A Joyful Sound." A letter was read concerning the Rally to be held at Mount Pleasant on October 29th and it is hoped that a good representation will be there from River Valley. There were 14 home calls, 1 hospital call reported and 5 cards sent. Many of the members paid their subscription dues for the Missionary Monthly, and it is hoped all the others will be in by the November meeting. It was decided that the Centennial Committee compile sufficient data for one page in the Centennial Book; material to be forwarded as soon as possible.

Mrs. Brooks conducted the worship service. Hymn, "Come Ye Thankful People Come," was sung, followed by prayer in unison. The Scripture Lesson was read by Mrs. Alex Bush. Numbers from the booklet, "Means of Grace," were given by Mrs. Ross Bush. Mrs. John Kane and Mrs. George Heasman. Hymn, "Holy Spirit Hear Us," was sung. A reading, "Thanksgiving," was given by Mrs. Jack Bush.

The Study Book was prepared and given by Mrs. Brooks. The story of family life in an African Village was interesting to all. The meeting closed with hymn, "Jesus Shall Reign Where'er The Sun," and benediction.

Mrs. Ross Bush extended thanks to the hostess for the use of her home and the lunch and programme committees. A social half hour was enjoyed.

#### Suggestions For The School Lunch Box

Now that school days are here, many mothers are once again faced with the task of packing school lunches. If you are wondering what to put in the lunch box, here are a few suggestions offered by Miss Margaret Myer, Home Economist of the Women's Institute Branch and Home Economics Service.

A good lunch for school or work has milk, fruit or vegetables or both, some form of protein such as meat, eggs, cheese, fish, beans or peanut butter and bread, preferably whole wheat. One simple menu suggestion might be chopped ham sandwiches with raw turnip sticks, baked fruit with chocolate cupcake for dessert and milk.

Sandwich fillings based on eggs, cheese, meat, fish or peanut butter can be easily varied every day. For example, add grated carrot or chopped parsley to egg, or mix cheese with chopped pickle or crisp bacon bits.

Finger salads of such vegetables as raw carrots, tomatoes, lettuce or cabbage wedges are quickly prepared and easy to include in the lunch. Fresh fruits in season are always welcome. Later on, cooked fruit such as baked apples or applesauce can be packed in a glass jar or waxed carton. Milk puddings may be carried in the same way.

The folder "Good School Lunches," prepared by the Women's Institute Branch, offers helpful suggestions for those who must plan lunches every day. It is free to residents of Ontario and may be obtained from the Statistics and Publications Branch, Ontario Department of Agriculture, Toronto, Ontario.

#### Named Returning Officer

N. L. B. Coburn, of Enterprise, has been named Returning Officer for the new Riding of Hastings-Frontenac. All of the former Riding of Hastings-Peterboro, will be merged with the new Riding. Hastings-Frontenac now covers an area of over 10,000 square miles and is now one of the largest electoral districts in Ontario. Mr. Coburn is now making a preliminary survey and is arranging polling subdivisions. It is not thought that an election will be held before the Autumn of 1953.

#### October Accident

A child of three died under the wheels of a truck. The driver was absolved of any blame.

Darting out on the roadway from between parked cars, the little girl (probably unaware of the danger to the very last) evidently could not be avoided, in spite of a violent swerve by the driver. His vehicle ended up on the sidewalk across the street.

Could any amount of warning or demonstration implant in the mind of one so young the necessary education and experience to enable the child to recognize and avoid the hazard?

All drivers must be particularly on the alert to avoid such accidents. But to oversee the safety of pre-school age children must remain the full-time responsibility of mother of father, older brother or sister, relative or friend.

#### Ten Seconds To Live

From Raymond Eastman of the Des Moines Tribune, via the Stratford Beacon-Herald comes this account:

"He pushed his sleeve back, held his wrist close to the lighted speedometer, squinted to read the time. A little after nine. Five, ten minutes after. Ought to be home in half an hour.

If he'd known he had only ten seconds to live, he might have checked the time more closely. He might have done several things differently.

Ten seconds to live. He massaged his eyes with thumb and finger, trying to rub out some of the sand.

Nine seconds to live. He'd driven almost eight hours since lunch, and was beginning to feel it.

Eight seconds to live. Lousy driving in the rain. Light from your headlights just seems to soak in along with the water.

Seven seconds to live. Probably need a new windshield wiper blade. Old one just spreads the water around instead of wiping it clean. Get one tomorrow, or next time it rains.

Six seconds to live. Somebody threw a cigarette out of an oncoming car. The red glow dissolved almost before it hit the pavement.

Five seconds to live. He planted his heels on the floorboard, squirming back in the seat, trying for comfort.

Four seconds to live. At 60 miles an hour, a car covers 88 feet of pavement every second. Four seconds, 352 feet.

Three seconds to live. Something looked wrong through the blurry windshield. A tentative dab at the brake stiffened into desperate pressure as he made out an old, unlighted, slow-moving truck ahead.

Two seconds to live Panic moved in. Turn to the left. No, car coming. Headlights too close. Can't make it. Turn to the right.

One second to live. Horror numbed everything into slow motion. He was floating right into the rear corner of the truck-bed. He opened his mouth to scream.

NO SECONDS TO LIVE. It's happened to lots of people; maybe not just that way, but similarly. Drive too long, eyes get tired, reactions slow down. Rain, darkness, a windshield that's hard to see through. Driving too fast. A car or truck ahead that you can't see. It has happened to lots of folks."

## NEWS FOR THE BUSY FARMERS

### NEW SOILS USE BULLETIN

While some of Ontario's soil is in a high state of productivity other sections, because of exhaustive cropping practices, damage from erosion, or inherently low content of plant food, have been depleted of fertility warns a recent bulletin on "Ontario Soils Their Use, Management and Improvement," just issued by the Ontario Department of Agriculture.

Written for the agriculturist in non-technical terms, the authors, members of the staff of the Ontario Agricultural College, Department of Soils, have presented an exhaustive study of the vital problem. It is a review that should constitute "must" reading for every farmer in the Province as well as those interested in soil conservation.

Many factors influencing fertility depletion and erosion are discussed at length in the bulletin. Practices that will reduce erosion and assist in maintaining a highly productive soil are recommended.

"The most unproductive soils can be made useful by intelligent management," reports the bulletin. To that end the authors set out land use practices which are designed to assist the farmer in devising ways and means of using the land according to its capability; to culture and manage each acre according to its need with the view to sustaining its maximum productivity.

Profusely illustrated with Ontario farm scenes the bulletin represents a thorough study of all factors bearing on soil problems. Its wide field covers soil fertility, land drainage, erosion and methods of control, surplus water, the establishment of farm ponds in addition to a section devoted to farm woodlots and reforestation.

Prepared by L. R. Webb, F. F. Morwick, T. J. Hegg, N. J. Thomas and N. R. Richards of the Ontario Agricultural College, Department of Soils, the bulletin constitutes a practical handbook for Ontario farmers and conservationists, particularly the farmer who is encountering difficulty in maintaining maximum production from his acres.

The bulletin is available free of charge to farmers residing in Ontario, though a nominal charge is made to those living outside the Province. The bulletin may be obtained from the Agricultural Representative or by writing to the Statistics and Publications Branch, Department of Agriculture, Toronto, Ontario. It is listed as Bulletin 492.

### PESTICIDES MUST BE APPROVED

From time to time a Canadian importer becomes interested in some new insecticide material and its distribution in Canada without sufficient preliminary study and investigation.

All insecticides, and other pesticides, sold or offered for sale in Canada, are required to be registered under the Pest Control Products Act, administered by the Plant Products Division, Department of Agriculture, Ottawa. Officials of that Division point out that not all of the products submitted for registration are acceptable, because of lack of effectiveness or due to danger to human health in the handling and applications, or for both these reasons.

Before commitments are made in connection with any of these newer materials or new methods of application, prospective distributors should make inquiry of the Plant Products Division, Ottawa, as to whether the product has been accepted for registration and if the recommended method of use is also acceptable.

### SAVE THE WILD FLOWER ESSAY COMPETITION

Valerie Ellis, of Strathroy, was the winner of the 1952 "Save The Wild Flower Essay Competition" sponsored annually by the Ontario Horticultural Association. Valerie was one of the 485 entrants in the competition. The winning essay will be read at the Annual Convention of the Association to be held in Toronto on March 5th and 6th, 1953.

This announcement was made recently by John F. Clark, Secretary of the Association, who also pointed out that the object of the competition is to stimulate interest in Wild Flowers and the conservation of them.

A total of 25 societies entered the competition, with Thorold having 112 competing in their local contest. Entries were also made by such widely separated societies as Bronte, Pembroke, Ottawa, Fenelon Falls, Fort Frances, Woodbridge, Lions Head, Pel-

ham, Glenora, Arthur, Elora, Elmira, Espanola, Guelph, Sandwich, Niagara Falls, Thamesville and Warren.

There are ten prizes in the Provincial Competition, annually donated by Mrs. D. A. Gillies, of Arnprior, a Past President of the Association. Other winners were: Margaret Halliday, S.S. No. 16, Trafalgar, Bronte; Joyce Panke, Centre Ward School, Pembroke; Claire Bedard, St. Anne's School, Ottawa; Marilyn Murchison, Fenelon Falls; Jo Ann Fasam, St. Mary's School, Fort Frances; Marie Told, Woodbridge; Donn Bain, Lions Head; Jim Casson, Fonthill; and Geo. McComb, McPherson's School, St. George.

Mr. Clark is of the opinion that these competitions do much in the way of making senior pupils at separate and public schools conscious of conservation, particularly along the line of wild flowers.

### Don't Relax Fire

#### Precautions In The Woods

No fires were reported in the Quinte District during the week ending October 18th as light showers and cooler weather again reduced the hazard.

Experienced fire protection men however warned against any complacency. It takes very little at this time of year, to create dangerous hazard conditions, with a thick carpet of dry leaves in most areas a sure invitation for trouble when someone forgets to be careful.

The fact that the fire season officially closes October 31st sometimes makes little difference in the hazard rating and only when wet colder weather finally sets in to end the fall hazard period, can we afford in any way to relax fire precautions in the woods.

### Require All Traps To Be Marked — Licensed Trappers And Farmers

With November 1st close at hand, trappers are busy preparing for another season, checking over equipment and making sure that traps are numbered as is now required for all licensed trappers. Numbering of traps will be something new for farmers. According to Fish and Wildlife officials, farmers and their sons trapping on their own lands don't require licenses, but beginning this season, will be required to mark traps with an identifying number obtained from the local Conservation Officer. Requests should be made as soon as possible.

The series of numbers used for farmers will be similar to that used by licensed trappers except for the prefix "F." A trap marked "Q-F-145" is a typical identification number of patrol zone; F means farmer and 145 is the trapper's number. Information on marking methods is provided by the local Conservation officer.

Lands and Forests officials also drew the attention of fur dealers to the special care needed in completing the new fur return form. Properly done, the new method should provide a fairly accurate record of the amount of fur taken in Ontario, and at the same time promote better supervision and eliminate disputes.

### Report Scarcity of Whitefish and Herring

Reports are again being received that commercial gillnet fishermen are disappointed and concerned over the continuing decline of Herring and Whitefish in Lake Ontario and the Bay of Quinte. It had been hoped that the scarcity cycle had reached its peak six years ago but apparently any upward trend has been delayed. Only commercial fish reportedly showing an increase are Blue Pickerel.

Hoopnet operators also report poor catches recently and U.S. markets disappointing.

### Hunters Optimistic

Most hunters we have heard from say deer are more plentiful this year. Local Conservation officers seem more reluctant to prophesy, but expect to speak with a lot more conviction after looking over the information obtained at Deer checking stations during and after the hunt. Certainly the little extra time and patience taken by hunters to stop and give the facts to Fish and Wildlife officers, will be appreciated and mean a lot in building a groundwork for any deer management programme.

### KINDERGARTEN OF THE AIR

In the back-to-school rush, pre-school youngsters got a head start on their older brothers and sisters this year. "Kindergarten of the Air" returned to the air-lanes September 2nd, and will be heard each week day morning on the CBC's Trans-Canada network. Pictured above are two interested youngsters taking advantage of a portable radio to hear their favorite programme. As in other years, "teachers" Dorothy Jane Goulding and Ruth Johnson take turns conducting the broadcasts.

## Esso Trans-Atlantic Winners At Inter. Plowing Match

Perseverance paid off for two dairy-farming plowmen when they won the Esso Trans-Atlantic Classes at the International Plowing Match held this year at Carp, Ont., by the Ontario Plowmen's Association. Carp is 20 miles northwest of Ottawa.

For Algie Wallace, 35-year-old bachelor farmer, from North Gower, near Ottawa, it was his seventh attempt at the Dominion horse plowing crown, a gold medal and six weeks' trip to Europe.

Douglas S. Reid, 26-year-old farmer from Brampton, reached his goal — the tractor plowing crown — in six years. Last year he placed third in the Trans-Atlantic Class.

The two gold medalists will be the guests of Imperial Oil on a six-week visit to British Isles. They will be accompanied by Roy Shaver, of Newington, Ont., who will act as team manager. Mr. Shaver is a past president of the Ontario Plowmen's Assoc.

During their trip the two plowmen will compete against some of Europe's finest plowmen at the British Ploughing Association national championship to be held at Falkirk, Scotland, on November 12th.

The special overseas class in which they will compete will be conducted under a new set of international rules which have been tentatively accepted by Canada, Great Britain, Sweden, Holland, Eire and Finland. It is hoped that these rules will serve as a basis for proposed future world championship matches.

Doug Reid and Algie Wallace will be the seventh team of championship plowmen in as many years to make the six weeks' overseas trip as the guests of Imperial.

Second places in the Esso Trans-Atlantic contests went to horse plowman Stanley May, of Hornby, and tractor plowman Ivan McLaughlin, of Stouffville. Both received a silver medal and \$150 cash from Imperial Oil. For Mr. May it was another heart-breaking contest. He placed a close second last year also.

The overseas trip will be the realization of a lifetime dream for Doug Reid, though he says he doubts if his dream would have been fulfilled had he not won the Esso championship. Though he has been trying for six years he thought so little of his chances of winning that he didn't even bother to stay around the plowing site long enough to hear the judges announce the winner.

Doug has two particular ambitions, he would like to achieve during his trip. He wants to see London, and would like to go to Holland to see the Dutch farmers at work. He has become very friendly with Dutch farmers who have settled recently in the Brampton area, and feels that he and other Canadian farmers can learn much from them.

Doug was born on the 185-acre farm he now operates jointly with his father. This spring he bought a 100-acre pasture farm adjacent to the family homestead. Fluid milk shippers to the Brampton market, the Reids keep 50 head of cattle, 20 of which are milking, and about 45 hogs.

Doug is married to the former Betty Furness, of Brampton. They have two children, Julie, aged three, and Teddy, who is 18 months old.

His companion for the overseas trip, horse plowing champion Algie Wal-

lace, has been a lifelong farmer on 225 acres of land outside North Gower, where he was born 35 years ago.

Good plowing has been one of his greatest prizes since he was in his teens. He has been plowing 20 years, and has been a consistent winner at local matches in Carleton County. The consistency of his performances may be judged by the comment of a friend, who when he heard Wallace was the Esso championship winner, said: "Well, at least now the rest of us will be rid of you for a while and can get a chance at some prizes ourselves."

Mr. Wallace, too, is a fluid milk shipper, but to the Ottawa market. He keeps a herd of 50 Holstein cattle, both purebred and grade.

The team manager is owner of a 90-acre farm in Stormont County, where he maintains a herd of fully accredited Holstein cattle. He is no stranger to international contests, first scoring at the 1931 match in Peterborough, where he took two firsts. He was elected to the board of Ontario Plowmen's Association in 1940, and after 10 years of distinguished service was elected president in 1950.

He is active in the Stormont Agricultural Society and the Stormont Plowmen's Association, both of which he has served as director and president. Like Mr. Wallace he is unmarried.

## Elmcroft Premier Breeder And Exhibitor

Rockwood Rocket Tone, one of the bulls in the Artificial Breeding Unit of the Quinte District Cattle Breeders Assoc., Belleville, was Senior and Grand Champion at the Championship Holstein Show held October 15th at Peterborough. He will be recalled as the Grand Champion at the Royal Winter Fair last year and All-Canadian three-year-old bull. A Get sired by Rocket Tone stood first in the Junior Get-of-Sire class while he also sired the Reserve Junior Champion female and the first prize senior bull calf. The Reserve Junior Champion was the winning junior yearling heifer owned by H. C. McCloskey, of Queensville, while the first prize senior bull calf was owned by Stephen B. Roman, of King.

Max Burnside, of Madoc, combined with entries of Evans, Petherick and Metcalfe to win second prize in the Senior Get-of-Sire on a get of another Quinte Unit Sire, Ragasborne R. A. Royal Governor.

Jack Burnside, of Madoc, had the 4th prize senior yearling bull and the 6th prize junior bull calf while Earl

Early in November Canada's champion plowmen, winners of the Esso Trans-Atlantic Class at this year's International Plowing Match at Carp, Ont., will leave for a six-week trip to the United Kingdom. Douglas Reid, of Brantford (right) tractor plowing champion, is already marking the hours as they pass to the amusement of Algie Wallace, of North Gower, (centre), horse plowing champion, and Roy Shaver, of Newington, a past president of the Ontario Plowmen's Association, who will act as team manager. The overseas trip is sponsored by Imperial Oil Ltd.

Burnside had the 6th prize three-year-old heifer and Max Burnside the 7th prize senior yearling heifer and 10th prize junior yearling heifer. Hugh Gray, Belleville, showed the ninth prize junior heifer calf.

The Hastings entry stood 6th in the County Herd Class.

For the second consecutive year Elmcroft Farm, Oshawa, just noted out N. W. McConkey, of Peterborough, for the Premier Exhibitor award. Elmcroft was the Premier Breeder and showed the Grand Champion Cow while McConkey had the Best-Uddered Female. The Quinte District Cattle Breeding Association, Belleville, took the Grand Championship for bulls on Rockwood Rocket Tone last year's Grand Champion at the Royal Winter Fair. The Reserve Grand Champion Female was exhibited by Jas. T. Brown, Newcastle, and the Reserve Grand Champion bull by H. C. McCloskey, of Queensville. G. H. Walker & Son, Port Perry, had the Junior Champion Female and H. C. McCloskey the Reserve Junior Champion. The Central Durham Bull Club, Orono, brought out the Junior Champion bull and Wm. Clarkson & Sons, Weston, the Reserve Junior Champion.

York scored an upset in the County Herd class beating Ontario which had been undefeated for six years. 179 head were shown by 59 exhibitors from the nine Counties of York, Ontario, Durham, Northumberland, Peterborough, Hastings, Lennox and Addington, Prince Edward and Victoria. Judge was D. S. Dunton, Brampton, Ont.

## Speaks On Prov. Grant System

Expressing the opinion that the present provincial grant system was a "crazy hodge podge" Hon. William A. Goodfellow, Ontario Minister of Welfare, said Friday night that we must gradually get back to autonomy by municipal councils.

Municipal councils must be given more responsibility in conducting their own affairs, and at the same time the provincial grant system must be changed.

Mr. Goodfellow was speaking at the annual meeting of the Thurlow Township Progressive Conservative Association.

The speaker said that under the present grant system for education and other municipal projects, there seemed to be a tendency to encourage the municipalities to spend money. "In order to get provincial grants, they must spend some of their own money," he said.

### Against Additional Grants

Expressing his own opinion he said it would not be a good thing to give the municipalities additional grants at the present time.

To counteract the tendency for big spending he suggested it would not be a bad idea for the municipal mill rate to go up so that the taxpayers would feel it a bit excessive.

"This may sound a bit cruel but in the long run it would be a good turn," Mr. Goodfellow assured.

### A Letter To The Editor

Dear Sir:

The River Valley community and Women's Institute (undenominational) would like to inform the writer of the article concerning R.V. Cemetery in last week's issue that the committee in charge have received the necessary information to carry on the work of clearing the cemetery.

The meeting held Friday night, with a splendid attendance, showed that a good interest was being taken to complete the project. We were happy to have Col. Roscoe Vanderwater and Mr. B. C. Tucker as our guest speakers and advisors. They both brought valuable instruction as to the procedure of cleaning and beautifying the cemetery. We hope this article will make clear with everyone that everything is being done to further the interest of River Valley Cemetery.

### Entered Into Rest

MRS. WM. H. HANNA

Mrs. William H. Hanna, of River Valley, died in Belleville General Hospital, Wednesday afternoon, following a short illness, in her 72nd year.

The late Mrs. Hanna was the former Lena Blanche Donohue, daughter of the late John Donohue and his wife, Easter Wagar, and was a life-long resident of Sidney Township. She was a valued member of River Valley W.I. and was highly esteemed in the community. She was a member of St. Paul's United Church, Stirling, and a Past President of St. Paul's W.A.

She leaves to mourn besides her husband, a daughter, Mrs. Ernest Carr, and a son, Thomas Hanna, both of River Valley. One brother, L. Donohue and four grandchildren also survive.

The funeral notice appears elsewhere in this issue.

### Stamp Club

Meetings are now being held on Thursdays after school. Last week two new boys joined. Bill Feillon opened the meeting and James Waterfall read the minutes. A small fee of two cents is paid each week to help defray expenses. Some nice stamps were bought and others traded. The money the boys spend in this way is of more value than the "pop", etc. they usually consume, although we promise the local confectioners that the boys will still remain their faithful customers. We had trouble getting reasonably priced albums for the beginners, as so many people have taken up the hobby that the stores sell the albums as fast as they come in. This
